LETTERS TO THE EDITOR:

Dear Bill: I just finished writing to Bill Zarling after reading his letter in ATCO about the death of LLOYD WALKER. In my letter I sent a check for Lloyd's "Catalog of Oklahoma Tokens". I did this, not only to increase my library, but as an expression of my gratitude for his taking enough interest in such a task which can only help our hobby. If it seems appropriate, maybe all of us should try to get a copy for two reasons: (1) to help Mrs. Walker by ridding her of the books and (2) helping ourselves by adding to our library. Surely there are some members out there who need the book. And, to all those collectors out there who are compiling lists from the different states I say thanks!!! Best for '84
Joe Copeland.

Dear Bill: I have been thinking of putting out a catalog (nothing fancy, just a mimeo, stapled list) of encased cents. I would like all members to list to me all the encased cents that they have in their collections, including mavericks.

For the past three years I have been keeping a listing of encased cents from auctions, etc., plus what I have in my collection.

Is there enough interest in this field for a catalog???

HANK REIDLING 8847 LIPTONSHIRE DALLAS, TEXAS 75238

(Editor's note: If there is an interest in such a catalog let Hank know. A little encouragement goes a long ways in getting things done. Hank has the interest in doing this so drop him a short note and let him know your thoughts)

Dear Bill: When I saw Bill Massey's traders page ad for MANHOLE COVERS I was interested. I collect them and have them in my back yard. They are of interesting design and many have town and state on them. Regretfully, all are uniface and holed as made. I have not seen any with "good for" on them but I know from experience that they are good for one hernia if you aren't careful in handling them. Occasionally you might be lucky and see a 2 town specimen, but there are many mavericks also. I have been advised by my doctor to dispose of my collection of manhole covers as I can hardly stand the work involved in taking them to hobby shows and swap meets. Perhaps I will use ATCO for the ad when I sell my collection, but Art Carney (you know, he used to work on TV with Jackie Gleason) wants me to donate them to some sewer workers museum he is planning. Guess I'll have to flip a manhole cover to decide what to do.

MIKE O'BRIEN.

HERE IS WHAT ONE MEMBER SAID ABOUT HIS PERMANENT AD (IT PAYS TO ADVERTISE):

Dear Bill: That has been, without a doubt, the best investment that I have made... I have collected New Zealand Trade Pennies for 15 years, including three trips to New Zealand...I have amassed 12 of the 46 available...My ATCO ad added 10, plus up graded 5 others in one fell swoop...Please renew my ad as it is. \$20 enclosed.

JOHN H. GOLD

I was asked if a collector could write to BINKY and would he respond. Yes, you can write letters to BINKY (I will forward them to him) and he will respond in ATCO.

I'd be careful what I wrote to him though. You know how mean he can be. I think that bouncing up and down in that truck gives him a nasty attitude.

THE EDITOR'S PAGE:

WE START OUR THIRD YEAR WITH THIS ISSUE AND WITH OVER 600 MEMBERS AND GROWING. I FEEL GOOD ABOUT OUR NEXT YEAR IN THAT INTEREST SEEMS TO BE GROWING IN THE TOKEN FIELD, WE HAVE ANOTHER ATCO MEETING TO LOOK FORWARD TO. WHICH REMINDS ME THAT IT IS A GOOD TIME TO START MAKING PLANS FOR OUR NEXT MEETING. TIME GETS AWAY FAST AND WE WANT TO HAVE A DATE AND PLACE SET EARLY SO THAT OTHERS WHO GO TO OTHER MEETINGS CAN MAKE THEIR PLANS FOR THE YEAR.

IN ORDER THAT I DO NOT BECOME INVOLVED IN THE SETTING OF THE MEETING
DATE AND PLACE PLEASE FORWARD ALL CORRESPONDENCE WITH REGARD TO THE
MEETING TO: TRAVIS ROBERTS, P.O. BOX 1168, BELLAIRE, TEXAS 77401
PERSONALLY, I LIKE THE MEETINGS TO BE SET IN DENVER BECAUSE IT IS AN
EASY PLACE FOR EVERYONE FROM BOTH COASTS TO GET TO.

WE ARE GETTING LOW ON GOOD ARTICLES SO SOME OF YOU FELLOWS WHO HAVE NOT
SENT ARTICLES IN THE PAST FEW MONTHS, PLEASE DO SO. TOO, THERE ARE
OTHER MEMBERS WHO HAVE BEEN THINKING ABOUT WRITING ARTICLES BUT HAVE NOT
DONE SO. GET BUSY. YOU CAN WRITE THEM LONGHAND. I'LL TYPE THEM AND
NOT LET YOU LOOK BAD. PROMISE!!!! WE NEED SOME MORE OF JERRI GARLANDS

FRONT TO BACK AS THEY COME IN.

I GUESS THAT IS ALL I HAVE TO SAY IN THIS ISSUE EXCEPT HAPPY COLLECTING

THOMAS BROS. LUNCH TOKEN - - SAGINAW, MICHIGAN

From the former owner of the token mentioned:

Dear Sir: Re: The Thomas Bros. Good for 5¢ tokens. Thomas Bros. lunch was a basement lunch room on cor. of Hamilton & Hancock Sts. in Saginaw, Mich. About 1918 thru 1930 & possibly early 40's. I remember eating there from time to time as a young man. The noon lunch special was a large hamburger steak, fried potatoes, corn or peas, bread & oleo and coffee. All for 25¢. Pie was 5¢ extra. Hope the above is of interest.

Note by Rich Hartzog: My 1927 and 1928 Bradstreets list a James P. Thomas in Saginaw as a restaurant (no street). Can anybody verify the above address?????

DO WE WANT A LIBRARY SERVICE???

Many times we have new members who do not have reference to the many token books, etc. that are available to collectors.

Books, catalogs, etc. could be donated to the library for loan to members.

We have a volunteer who will be our librarian if the membership feels that it would be feasible.

Results of the above question will be published in the next issue of ATCO.

Our volunteer's name is: Jim Partridge, ATCO member #426

LUMBER TOKEN SUPPLEMENT:

I've been terrible remiss in submitting articles, trading, etc., but being a bachelor and running a household, a full-time business and doing community work just seems to take priority. I do manage, however to continue cataloging Oregon tokens and all lumber tokens. Many collectors write asking about the lumber token supplement. New listings continue to come in at the rate of several new listings per month, and a complete supplement at this time would run perhaps 25-30% of the original book in size. Financially, such a volume is not practical, so I intend to carry it through either NSCA or TAMS, or both, as the situation permits. I welcome additional listings and denominations.

I run into occasional problems with lumber mavericks, in that I will not accept 'hearsay' for an attribution - it must be shown to be listed in print in reference, directory, or even an article. A few collectors were upset with the original publication in that I did not list some of their 'lumber' pieces, simply because they did not provide reliable attribution. I see many of the southern coal & tokens being sold/traded as lumber, but I have yet to see any definit source of proof.

Let's all work together to have a reliable supplement.

Terry Trantow

ARIZONA'S POST COMMANDER TOKEN
BY BOB TEMARANTZ

IN THE 1880'S AT FORT HUACHUCA, A.T., THE POST COMMANDER CONTROLLED A MODEST FUND TO BE USED FOR THE WELFARE AND RECREATION OF THE TROOPS. LIFE WAS HUMDRUM ON THE POST OF EARLY FORT HUACHUCA. TROOPS CONSTRUCTED MOST OF THE FACILITIES AND BUILDINGS OF ADOBE AND ROUGH WOOD IN THE STYLE OF ARIZONA TERRITORIAL ARCHITECTURE.

DUTY ROSTERS FOR THIS PERIOD SHOW THE TROOPS ESCORTING PAYMASTERS, SURVEYING PARTIES, GUARDING RAILROAD CONSTRUCTION CREWS AND EQUIPMENT, STRINGING TELEGRAPH LINES AND RUSHING INTO TOMBSTONE TO HELP RESTORE AND MAINTAIN LAW AND ORDER. THESE TROOPS OF THE 4TH CAVALRY, TROOP I WERE PRELUDE TO ONE OF THREE FAMOUS MILITARY PURSUITS IN AMERICAN MILITARY HISTORY.

THE APACHE INDIAN CHIEF GERONIMO CAMPAIGN OF 1885 - 1886. THE OTHER TWO BEING IN 1877 OF THE NEZ PERCE INDIANS AND GENERAL PERSHING'S PURSUIT OF PANCHE VILLA IN 1916 - 1917. FORT HUACHUCA WAS CREATED BECAUSE OF THE APACHE WARS AND WAS INVOLVED IN THE VILLA CAMPAIGN.

THE APACHE KID WAS A SARGENT IN CHARGE OF RECONNAISSANCE PATROLS FOR INDIANS.

FOR ALL THIS TOUGH WORK, BASIC PAY OF A PRIVATE WAS \$13.00 PER MONTH. AFTER EXPENSES ALL THAT WAS LEFT HIM TOTALED \$9.00. THAT WAS ENOUGH FOR SOLDIERS TO LOAD IN THE WAGONS AND HEAD FOR TOMBSTONE TO INVEST IN WHISKEY AND WOMEN FOR A ONE NIGHT FLING IN ARIZONA'S SIN CITY.

IN BETWEEN TIME UNTIL NEXT PAYDAY THE POST COMMANDER FUNDED A RECREATION PROGRAM FOR THE OVER WORKED AND AT TIMES BORED TROOPS. CPT. A.E. WOOD FUNDED SEVERAL BASEBALL TEAMS AND A RECREATION AREA. In April, 1955, J. K. Moore, Jr. (now deceased) presented a speech to a chapter of the Wyoming State Historical Society in Riverton, Wyoming. His topic was a subject that he was an expert in - Wyoming Post Trader tokens.

J. K. Moore, Jr., known as Jimmy, was born June 28, 1876, at Fort Washakie and grew up with the Shoshone and Arapahoe Indians. Jimmy's father, James K. Moore, Sr. was the Post Trader at Fort Washakie. Previously Mr. Moore, Sr. was the Post Trader at Camp Stambaugh, Camp Brown in Lander and then Camp Brown where it was moved to the present site of Fort Washakie.

Jimmy grew up behind the counter of the general store at Fort Washakie. Jimmy was only eight years old when Sacajawea was buried in April, 1884 in the Indian Cemetery now named in her honor near Fort Washakie. One of Jimmy's saddest memories was the death of Chief Washakie, at 96. It was February 20, 1900 and he remembered the funeral vividly for the rest of his life. He was 24 then and mourned with hundreds of others, mostly his Indian friends. During the years he operated the store at Fort Washakie, no Indian who appealed to him for food went hungry. After his father retired in 1907, Jimmy took over the store and continued as Indian Trader and postmaster until he retired in about 1920.

In 1955, during his presentation, Jimmy had a display of the various tokens and denominations that were used at Fort Bridger, Camp Brown, Fort Washakie and Fort Laramie. When Jimmy found out that the Fort Bridger Museum did not have a single token on display, immediately he sent to them two complete sets. Following are some excerpts from Jimmy's presentation that should be interesting to the collector of Post Traders.

"The W. A. Carter, Fort Bridger, and J. K. Moore, Camp Brown pieces were made of brass and were cut out and stamped by hand with heavy steel dies. W. A. Carter probably introduced the use of tokens in his business some time during the 1860's."

"In value they run from \$1.00, 50¢, 25¢, to 5¢. A 12½¢ piece, called a "bit", also was used." The two S. E. Ward, Fort Laramie, Dakota Territory, pieces "good for trade in suiters goods" are no doubt the oldest in this collection. They are made of a different metal and by a stamping process different from the others, with no inscription on the reverse side. They were in circulation before the Territory of Wyoming was set aside out of Dakota Territory on July 25th, 1868."

"As the W. A. Carter tokens and those used by my father, J. K. Moore, Sr., are almost identical in type, I think Father got the idea of using them from having handled them in Judge Carter's store, as he had clerked in the Fort Bridger store for a number of years."

"The J. K. Moore-Camp Brown tokens were probably made and put into use soon after the Camp Brown move, and the 25¢ and 5¢ Fort Washakie pieces were introduced after 1878 when the name of the Post was changed.

"To us, behind the counter, and I was one of the clerks before the use of the tokens were discontinued, they were known as "brass checks". The Shoshones called them "Cha-hoo-u-way" (yellow money) and the Arapahoe name was "No-ha-yah-bich-thay" also meaning yellow money. The tokens were kept in a separate till made especially for them."

**Writer's note: Since space is such a valuable commodity in each ATCO issue, more details on J. K. Moore and other Wyoming Post Traders will be published at a later date.

ART TUBERMAN
ART PAUL & ASSOCIATES
Box 1590, Lake Havasu City, Az. 86403

We are proud to announce the release of the thirteenth issue in the series of "Havasu/London Bridge Commemorative Dollars."

Each year since October, 1971, when the historic London Bridge was rebuilt and dedicated in Lake Havasu City, Arizona, the London Bridge Rotary Club has issued a commemorative dollar to honor the event, and the joining of the old, London, England resident with the new desert community on the Colorado River.

Each "Havasu Dollar," in addition to commemorating that historic occasion, honors another important event. The October, 1983-1984 issue commemorates the 20th Anniversary of the official founding of Lake Havasu City in 1964 by the late Robert P. McCulloch, Sr.

The 1 5/16" (34 mm) copper "Havasu Dollar" issued during the 1983 celebration of the dedication of the 152 year old London Bridge, known popularly as London Bridge Days, continues the 12 year old major fund raising project of the London Bridge Rotary Club... The "Havasu Dollar" was recognized as the official annual commemorative coin of Lake Havasu City and the London Bridge by the city proclamation in 1981...

Other significant issues in the series are; the 1975-76 "Havasu Dollar," issued in bright copper was officially recognized as a Bicentennial Commemorative by the Bicentennial Commission- 1000 of this issue were struck in .999 fine silver as a special edition; the dollar released in October, 1977, had its design adopted as the official seal of Lake Havasu City; during the October, 1980 London Bridge Days Celebration the "Havasu Dollar" released, was designed after a token issued in 1831 when the London Bridge was dedicated in London. This issue commemorated that event; the 11th issue commemorated the 10th Anniversary of the Re-dedication of London Bridge, in Lake Havasu City; in 1982 the "Havasu Dollar" commemorated the 70th Anniversary of Arizona statehood.

The now famous series has been sought after by collectors all over the world, and was recognized as the longest continuing series of (municipal) trade dollars issued in the United States.

Having achieved legitimate status as a true commemorative and collector's item, the "Havasu Dollar" will continue as an important project of the London Bridge Rotary Club to raise funds for various community and charitable projects as well as to promote Lake Havasu City and the London Bridge...

TRAVELIN' WITH CAL - - - WAHKEN, MINNESOTA

By: CAL WOODS

My wife and I had passed through Wahken many times while vacationing on Lake Mille Lacs, but we had never shaken loose a trade token from this place. Wahken is a little town nestled on the south shore of Lake Mille Lacs. Its name is a Sioux Indian word meaning Mille Lacs, that giant and beautiful lake jumping with Wall Eyed Pike and fished year-around.

The town dates back to 1905, before that it was called Lawrence. The business directories show one or two general stores but no saloons. It was evidently a "dry" town before prohibition in 1918. Through the 1930's they had a box and pickle factory, but no drinking places until about the late 30's.

As we drove through Wahken in the summer of 1981 my wife suggested that I nip into the little "Mom and Pop" grocery on the highway that passed thru town, and try for tokens. It did not sound like a very productive suggestion, but I pulled over anyway and went in to show my token samples, and find out if they had ever seen any tokens in the town. The man said that a customer had been in the other day and showed him a coin like mine that she had found in the road outside the store. It had the name Wahken on it and that appealed to her, and she planned to keep it. The grocery man gave me her name and street address which was only a couple blocks away.

Leaving my wife in the car to read the paper, I rang the door bell and an attractive housewife of maybe 35 appeared and immediately said that she would show me her find. She was very interested in my samples, never having seen trade tokens before. She stated that she did not want to part with her token. After ten minutes of making her acquaintance, and promising to send to her an aluminum reproduction, she parted with the token. She hoped that it would make a nice addition to my collection, as I had no other token from Wahken.

I'LL PAY MY PART, YOU PAY YOURS

By Ed Saunders

Let's look at a token field that has not drawn much attention among collectors and yet one of the most interesting types of collecting that you can think of. It is an area that I have enjoyed for many years. The field I refer to is Partial Payment Tokens. Those tokens that are discounted if you buy a certain product. A great number of businesses used these discount or partial payment tokens and you are not limited to any particular state.

Clothing stores were great users of the partial payment tokens. Some were used by service stations and garages to induce one to buy tires, batteries, etc. Banks used them as well as furniture stores and piano companies.

You might see the possibilities of a new collecting field by checking over some of the many tokens I have in my collection. A picture is worth a thousand words.

Dear Bill: I am writing about a token that appeared in the Jan. ATCO on page 46, item No. 111. I have never heard of a town called Fairfax in Wyoming. In addition, I have a book that lists every Post Office from 1850 to 1980. Fairfax is not shown. I noticed the state was bracketed so it did not appear on the token apparently.

Could the owner of this token give me some information about the token and location?

Thanks, Howard Smith, ATCO #70

Dear Bill:

At a New Year's party, I heard that years ago Arizona token collectors didn't get along too well. In 1881 seems there were two groups of collectors in Tombstone. I heard a collector named Wyatt put out a trade list. An aggressive collector named Ike made a trade offer and Wyatt claimed the token he offered was one of a "hoard". Then another collector jumped in and claimed Wyatt's token was "fake", well this made Morgan mad and he claimed half of Ike's collection was restrikes. Well one thing led to another until on October 26, 1881 they all met down at the "Cowpen". Wyatt, Morgan, Virgil and Doc on one side and Tom, Ike, Billy and Frank on the other. They settled their disputes

then and there. Since then, I understand all Arizona collectors get along with each other just fine.

Binky

WANTED

I am a serious collector in the following categories and I am willing and able to pay TOP MARKET PRICE for these tokens. My primary interest is in building a fine collection and I've been buying alot of nice tokens ... so I must be doing something right. Please write or call me if you have something that you think might interest me. I also have a substantial trading stock ... but of course I prefer to purchase outright.

ALASKA TOKENS - cataloging \$50 and up in Benice. Will pay \$3,500 for the 1st McCarthy Alaska gold nugget token offered to me (cats \$500). Paying \$3,000 for the 1st Willis & Welch Chatanika Alaska shellcard offered me (cats \$750).

NEVADA TOKENS - nice old brass, aluminum or nickel good-fors. No modern gaming tokens. There are some towns worth several hundred dollars to me and quite a few worth \$50 to \$100+ to me. Many are "dug" so don't worry about condition. I want 'em.

NEW MEXICO TOKENS - nice old good-fors. Any and all except the most common. There are many N.M. tokens worth \$100++ to me.

TERRITORIAL TOKENS - good fors from Wyoming Terr (W.T.), Dakota Terr (D.T.), Arizona Terr(A.T.), Montana Terr (M.T.), Washington Terr (W.T.), and some Okla and Indian Terr (O.T. or I.T.) tokens. I was THE major buyer at the Henry Clifford coll'n auction, outbidding the most prominent buyers on the market.

POST TRADERS and WESTERN STATES' MILITARY - any old good-for paying "Trader" or "Post Trader". Military tokens (old) from Colorado on West.

WESTERN STATES' GOOD-FOR MIRRORS - with pictures of the proprietor, fancy women or children on them. Paying \$125 and MUCH MORE, depending on the state and the mirror.

TEXAS PICTORIAL GOOD-FORS - Will pay TOP DOLLAR for brass or white metal Heidemann-struck pictorials ... more than a big advertiser who is so advanced that he needs next to nothing and only wants the great rarities.

SALOONS and INTERESTING OLD MAVERICKS - Paying top dollar. Attributed or maverick saloons and ornate or pictorial mavericks with steers, cows, burros, ELEPHANTS, etc. on them.

TOKENS, MIRRORS, ETC.

I am a serious collector in the following categories and I am willing and able to pay TOP MARKET PRICES for these tokens. My primary interest is in building a fine collection and I've been buying alot of nice pieces ... so I must be doing something right. Please write or call me if you have something that you think might interest me. I also have a substantial trading stock ... but of course I prefer to purchase outright.

ALASKA TOKENS - cataloguing \$50 and up in Benice. Will pay \$3,500 for the first McCarthy Alaska gold nugget token offered to me (cats \$500). Paying \$3,000 for the first Willis & Welch Chatanika Alaska shellcard offered me (cats \$750).

TEXAS PICTORIAL TOKENS - Will pay TOP DOLLAR for brass or white metal Heidemann-struck pictorials depicting ELEPHANTS, steers, horses, buildings, etc.

TERRITORIAL TOKENS - Good fors from Wyoming Terr (W.T.), Dakota Terr (D.T.), Arizona Terr (A.T.), Montana Terr (M.T.), Washington Terr(W.T.), and some Okla and Indian Terr (O.T. or I.T.) tokens.

POST TRADERS and WESTERN STATES' MILITARY - any old good-for saying "Trader" or "Post Trader". Military tokens (old) from Colorado on West.

NEVADA TOKENS - nice old brass, aluminum or nickel good-fors. No modern gaming tokens. There are some towns worth several hundred dollars to me and quite a few worth \$50 to \$100+ to me. Many are "dug" so don't worry about condition. I want 'em.

NEW MEXICO TOKENS - nice old good-fors. Any and all except the most common. There are many N.M. towns worth \$100++ to me.

WESTERN STATES' GOOD-FOR MIRRORS - with pictures of the proprietor, fancy women or children on them. Paying \$125 and MUCH MORE, depending on the state and the mirror. Colorado on West.

SALOONS and INTERESTING OLD MAVERICKS - Paying top dollar for attributed or maverick saloons and ornate or pictorial mavericks depicting steers, cows, burros, ELEPHANTS, horses, etc. on them.

LETTERS TO THE EDITOR:

OUR LIBRARY: Dear Bill: I sent Jim Partridge my second edition of "Trade Tokens of Illinois" for the newly organized ATCO library. I think the library is a good idea - there are many members who do not have a lot of books for reference.

Best Regards, Ore Vacketta.

Editor's Note: Thanks, Ore!!!! Many of our members do not realize that we have new members among us in addition to some new younger members who do not have the resources for buying all the books that some of us have. Why not get behind this effort and give a helping hand to some of these new members - - remember, we want to grow!!!!

HELP!! HELP!!

GARFIELD MEMORIAL

Can anyone help Keith Owens with this medal I thought it would certainly be listed in the So-Called Dollar book. I was mistaken.

Just below the building on the obverse is the word "Cleveland" (Cleveland, Ohio???)

Anyone knowing what this is, please write to: Keith Owens, P.O. Box 634, Kimberly, Idaho 83341

Maker: S.D. Childs & Co. Chicago

Dear Bill: Enclosed is my check for renewal. I think that speaks for itself as how I regard ATCO.

In recent issues Arizona collectors have had some bad press. I think it is proper to air out the negative, the positive is just as important.

To the point. I am a member of the Arizona Exnumia Society (AES) as several other ATCO members are. We usually meet the third Friday of the month in Phoenix. I have never attended a meeting I didn't enjoy. All the good things that a hobby is supposed to be happen here!!

If Binky and Pig are in the area and get a chance to attend, they might become so mellow that they would never leave.

Regards, BOB HAYS

Dear Bill: Enclosed is a two-page ad for the June issue of ATCO along with my check for \$30.00. (We even bought a new printer ribbon for Binky and Pig).

Bill, you can add our vote to those who want to keep ATCO just as it is, controversy, humor, Binky and all--it's STILL OUR FAVORITE HOBBY PUBLICATION SO DON'T CHANGE A THING!!

ALL THE BEST, JOHN CHEREAMY, VICTORIA, B.C., CANADA

Dear Bill: AN AMEN! TO BINKY!!!! I just made an offer on a collection of tokens. Then the owner wouldn't even say yes or no, just kept hinting that, in checking around, he might be able to get more money. I might have been able to deal with him if he had only given a counter offer.

Bill Hamm (Editor's Note: Binky has a nasty way of hitting home sometimes, huh?)

Dear Bill: I would like to make a suggestion to the powers that be! We have a good set of MAIL BID RULES! However, I note that almost everyone "Reserves the right to refuse any or all bids!" Why don't we add this rather redundant phrase to the rules? (If you can refuse any, then obviously you can refuse them all!) Or, why don't we add the option to refuse any bids? THANKS
Bill Massey

NOTICES:

NEW ATCO AUCTION EDITOR APPOINTED * * * * * RON HABERMAN

THERE HAVE BEEN A NUMBER OF DISCUSSIONS ABOUT HAVING ATCO AUCTIONS WITH THE PROCEEDS GOING TO ATCO - - - THIS SURE BEATS THE HECK OUT OF DUES OR ADVERTISING RATE INCREASES. SEEMS THAT EVERYTHING WE DO INCREASES IN COST EXCEPT POSTAGE AND THAT MAY BE NEXT???

I HAVE ABOUT FIVE TOKENS HERE THAT SOME MEMBERS HAVE SENT ME WHICH I WILL FORWARD TO RON. TOO, RON HAS AGREED TO DONATE FIVE OF HIS OWN TOKENS.

IF EVERY MEMBER WOULD SEND A GOOD TOKEN OR TWO IT WOULD PUT A LOT OF TOKENS ON THE MARKET TO COLLECTORS WHO COULD USE THEM, AND THE FUNDS GAINED WOULD KEEP ATCO WELL INTO THE BLACK, WHICH IT IS AT THIS TIME.

PLEASE DO NOT SEND COMMON TOKENS. I CAN TELL YOU FROM EXPERIENCE WHEN I WAS METCA AUCTION EDITOR THAT THEY DO NOT SELL IN MOST CASES AND I WOUND UP WITH A BOX OF COMMON TOKENS WHICH I FINALLY AUCTIONED FOR THE BEST OFFER.

LET'S DO UNTO OUR COLLECTING FAMILY THAT WHICH WE WOULD LIKE DONE TO US - - GOOD TOKENS.

SO, IF YOU COLLECTORS WOULD SEND YOUR TOKENS TO RON AT THE FOLLOWING ADDRESS HE WILL PUT THEM IN ORDER AND SEND THE AUCTIONS TO ATCO. THEY WILL RUN IN ATCO AND ALL DEALING ON BIDDING, ETC. WILL BE DONE THROUGH RON. THANKS GUYS AND GALS FOR A LITTLE EFFORT!!!

RON HABERMAN, 4311 PASADENA DRIVE, BOISE, IDAHO 83705

BINKY'S LAW OF EXONOMIA

Dear Bill: In physics, mathematics and economics there are laws and principles which ordinarily apply, to some degree, such as Gresham's Law, Darwin's Theory and Einstein's theory. Of course everyone has heard of Murphy's Law.

Although token collecting is a relatively new hobby, I believe we have advanced enough to rate a little dignity.

I propose BINKY'S LAW OF EXONOMIA - THE VALUE OF A TOKEN VARIES DIRECTLY WITH THE ABUSE ITAPED UPON IT.

In other words, the more collectors run down your piece by declaring "that's a hoard token", "that it has worn spots or that it is the wrong metal to be valuable, etc", the more it is worth?????

Eldon Schuttler

Dear Bill: No one made me mad this month so Pig and I'll just keep trucking until next month.

POSSIBLE FAKES: REPORTED BY GEORGE HOSEK

Dear Bill: I called Merlin Bonhus and talked to him about a display of tokens I found. It is a beautiful display of 14 tokens and a medal made up in a beautiful display and glued down (which makes them hard to study). The Colorado towns involved are: Ouray, Sneffels, Montrose, Hotel Glenwood, Silverton, Red Mountain (which is already listed as a fake) and Telluride. They appear to have been cast from used token patterns, pot metal, no doubt.

BOWERS TO PRODUCE BOOK ON COUNTERSTAMPED LARGE CENTS

United States large cents 1793-1857 counterstamped with various political, commercial, and private marks, furnishes the subject for a book now being written by Q. David Bowers, author of nearly twenty other numismatic volumes.

During the large cent era such messages as VOTE THE LAND FREE (part of the Free Soil Party's campaign of 1848), DEVINS & BULTON (Montreal druggists), DR. G. G. WILKINS (a Pittsfield, New Hampshire dentist), OIL OF ICE (a patent medicine), and others were carried far and wide by their appearance on large cents, America's most widely-circulated coin. Marks impressed by silversmiths, gunsmiths, clock makers, and other craftsmen in metal, form another area of interest, as do counterstamps of devices such as eagles, arrows, and other motifs.

When Lafayette, French hero of the Revolution, revisited America in 1824, large cents were counterstamped with Washington's portrait on one side and Lafayette's on the other. These are known from a number of dates, primarily of the 1819-1824 years.

The writer would be pleased to correspond with anyone possessing these or others counterstamped large cents. Any counterstamps other than stray initials or marks are of interest and will be credited in the final work.

Inquiries may be addressed to: Q. David Bowers, Box 1224, Wolfeboro, NH 03894.

NOTES FROM YOUR EDITOR:

I don't have a whole lot to say this month. It has been a busy month, job-wise, and with ATCO. I do have one little gripe -- some of you are still submitting ads on onion skin paper. The printer just goes wild when he sees it. Please use just regular paper like that that ATCO is printed on -- Please!!!

HAVE A GOOD TOKEN MONTH!!!

TOKENS - WHY WE COLLECT? - WHAT DOES THE FUTURE HOLD?

BY ALAN WEINBERG

I've just finished browsing through BOWERS AND MERENA'S Rare Coin Review and reading the fascinating nostalgic reminiscences of Dave Bowers, an ATCO member. I've long been a fan of Dave's writing and got the urge to expound similarly on tokens for ATCO.

Many of us started collecting tokens as an extension of our coin collecting hobby, the latter outgrowing our respective wallets. After all, tokens in the main served as a circulating medium of exchange or advertising.

Others started collecting tokens because friends collect or the "bug bit" as one dug up a few with metal detectors. Still others because they collect anything nostalgic related to their county, town or State. Whatever the reason, when you're "bit" you've usually got the fever for life.

What is there about tokens that enthalls us all? Certainly it isn't the search for gem superb quality that seems to be the motivation in coin collecting. Indeed, the great majority of token collectors want a token to exhibit signs of use and wear - they spurn and are suspicious of gem uncirculated old tokens. Are they old? Are they real? Has a hoard been discovered?

I'll tell you what it is. It's the fantastic variety of die work, styles, subject matter, shapes, metals, designs and pictorials. It's the direct connection with history - the hanging judge, the infamous murderous gunslingers, the house of ill repute, the saloon, the scene of so many famous gun fight, the mention of a mining town or frontier post that has long since vanished from the scene. The likelihood that this token might have passed through the hands of Wyatt Earp or William Bonney. Or was placed on the saloon counter by Doc Holliday, or passed in trade for blankets by a Navajo Chief.

What of the future of our hobby? Unlike the coin hobby, a field I'm still involved in, I think the future is "ROSY". You see, coins - at least American coins - have priced themselves out of the range of affordability to all but the wealthiest of collectors and investors. New collectors - particularly our youth - are not being attracted to the coin hobby. Turned off by impolite, Grey Sheet-oriented "big dealers", high prices, downright unattractive cheap modern coinage and roller coaster price fluctuations, collectors have left the numismatics in droves.

But what of tokens? Prices are good and strong. Indeed, I continue to marvel at the relatively low prices rare tokens bring when one considers the demand for the short supply. Theoretically, when the supply is so small and the demand so great, prices should be much higher.

But therein lies the irony...and the pleasure of the hobby. Notwithstanding the fact that, say, 200 collectors want a specimen of the 5 - 10 known of a particular token, it also follows that perhaps only 5% of those 200 collectors can afford to pay more than \$100 for a token. Thus, that rare token can exist in only a small % of the collections that actually need it and yet sells for only \$100 or so.

Now, as inflation occurs, wages increase and those collectors prosper in their lives, their range of affordability will advance to \$100 and much more. And that rare token will increase in price rapidly as more collectors can afford it and seek it at higher value levels. It still does boil down to the "supply and demand" theory we all learned in high school economics.

But are there any negatives about our hobby? Sure there are.

There is always the risk - and the risk becomes more substantial the higher the price - that the rare token will be discovered in hoard quantities. A quantity of 10 or hundreds. It happens all the time. We find the hoard at times absorbed by the market quickly. Other times, one or a few persons control the hoard and let out a few at a time, trying to maintain the market price. Invariably, the secret seeps out.

Then there are the fakes. I've seen more than my share and I can tell you they are dangerous.

Continued

For instance, more than 30 different highly deceptive fake "old" Nevada tokens exist. They are aged, corroded and "dug", sexy-sounding towns and saloons. All by one man who made only 3-4 of each fake. Yes, they are rare in their own right. There is scarcely an advanced Nevada token collector who hasn't been burned. The same scurrilous source also issued 4 fake Arizona tokens, several California tokens and at least 1 Utah token I've seen. All the same identical diework. Hopefully, I'll be able to put together an illustrated article on these fakes - given the cooperation of the 3 serious collectors who have a large % of the known fakes, having been "burned" and now retaining them for reference.

But what is more disturbing are the frequently simple designs of so many tokens - so easily duplicated the the various sophisticated counterfeiting techniques so threatening in the coin hobby. Anyone who has seen the fake rare Lincoln cents, fake St. Gaudens \$20 gold pieces, etc. can fully realize just how simple it is to copy the most complex token design. The main reason it hasn't occurred yet with tokens is money. Tokens haven't reached the price levels where it is economically feasible to create copies...yet.

Recently, at the November Denver ATCO show I examined a fake incused J.S. Collins Post Trader Ft. Laramie D.T. token side by side with my genuine specimen, one of the very rarest of Post Trader tokens (3-4 known). The fake had been issued recently as a souvenir and is currently available for only a few dollars. The tiny incused word "copy" on the obverse could easily be tooled out or filled in. DISTURBING!

And, as in coins, we have the up and down fluctuations of demand and price in tokens. By and large, Civil War tokens, Hard Times tokens and early merchant storecards can be purchased for a fraction of their 1980 prices...largely due to an unjustified big price rise in the late 1970's.

And when a field has been pushed and "hyped" too hard and prices reach levels too fast and too high for the serious collectors to appreciate, there will be a sudden slump - as can be seen in Arizona tokens right now. Sure, prices will recover but it'll take some "new blood" in that field before they do.

Will the hobby ever price itself out of existence like coins may be doing? I DOUBT IT! A good friend recently pointed out to me something rather obvious. Tokens are too rare to be "hyped" as an investment medium. And to worn, corroded or circulated to attract the perfection "nuts" in numismatics who pursue MS-65 silver dollars and gold coins and "full split band" Mercury Head dimes. Hope. As an investment tokens will do just fine. Probably, on the average, appreciate 10-20% a year. Add to this the satisfaction and fellowship, and this hobby will do just fine.

I still attend a great many coin shows around the country seeking what turns out to be invariably fewer and fewer tokens. Coin dealers who used to regard tokens as "junk" and a "nuisance" now increasingly say "Oh, I collect them myself. I don't sell 'em. Got any to sell?" I just grin, shake my head and move on.

M is for Maverick

By J.W. Baum

A maverick is unbranded showing not where it came. Trying to find it's owner can prove to be quite a game.

If only a name is given, and perhaps a street address. Trying to find the town of origin can really be quite a mess.

That old two bit brass token addressed 212 SOUTH VINE. Was it good for beer, or candy for a cigar, or perhaps to dine.

Who was Salis Oliver. His piece says pay 10¢ at the bar. Was his shop made of stone, or lumber, paper and tar?

Who and where is Hickory's Place - no town or address inscribed. Is he alive, or is he dead. And where did he reside?

PAULINE WAS NO LADY

Colorado placer mines, Weaver, Rich Hill.
Yavapai County.

His Indian name was Quah-a-ha-na, which means "peacemaker" or "good talker." He was the son of an English father and Cherokee mother.

The Arizona Apaches liked Quah-a-ha-na, and in his early days, Pauline Weaver was known across the territory as a friend of the red man.

He was tall and broad-chested with the shaggy beard and long locks of a "mountain man." Deep penetrating eyes stabbed out from his sharp bony features and his strong resonant voice was like the growling of thunder. He was one hundred percent man, despite the name "Pauline."

Born on the Tennessee frontier in 1800, he came westward, seeking beaver pelts along the Gila River.

During one of his long treks into southern Arizona, Weaver took shelter in the Casa Grande ruins and carved his name there, with the date, 1832, for all to see.

Arizona then was a place open for exploration and a prospector's pick at any blow might reveal a rich silver or gold vein.

So when not hunting, trapping or guiding, Pauline Weaver tried his hand at prospecting. A.H. Peeples and Weaver organized an exploration party. Around 1863 they left the Colorado River at a point north of the present-day Ehrenberg and followed faint traces of washes eastward into the low mountains north of what today is the town of Congress.

One morning four Mexican wranglers were dispatched to find several horses that had wandered away from camp. They returned with not only the missing stock, but with some interesting rocks they had picked up on the summit of a nearby hill.

Weaver's curiosity was aroused, and he led the group back to the hill, where he used his hunting knife to pry loose a few good-sized nuggets. He carried one to Yuma and showed it to Jose Redondo, who declared it was gold!

Others abandoned the Colorado River to join the Peeples-Weaver party in the hills. At the original location, nuggets were strewn by nature in such a careless and opulent way that the spot was dubbed Rich Hill. It became the richest single placer discovery ever made in Arizona. Additional gold was found at Antelope Hill, nearby, where again much of it could be pried loose with a hunting knife.

The influx of miners around the discoveries turned the "Colorado placers" into towns. One of them was La Paz, a city now dead and forgotten in its own century. During its fierce and thriving years, LaPaz missed becoming the capital of the territory by one vote!

Pauline Weaver is still identified as one of the discoverers of those placers east of La Paz. But, even as the city vanished, so has the gold.

SUBMITTED BY "JERRI"

The battle for land has been with us for years and will probably remain little changed for the coming centuries. The one who had land was a person of power for as long as people have been on the earth. More fights and feuds have been over land than almost anything else, neighbor with neighbor, company with company and country with country. Western fights were over barb-wire fencing and water rights - it all came down to who owned the land. The Indians were moved west because the white man wanted the land the Indian was on.

Americans have always wanted their own home on their own land and the land companies want this same thing for Americans.

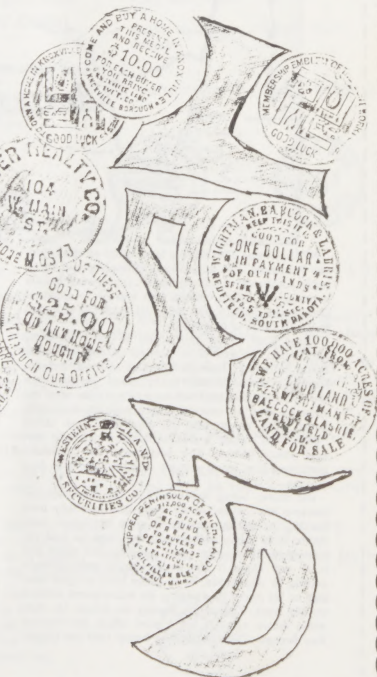

Land tokens are a special type of token collecting. These tokens can be found in almost every state. Many are most unusual with different offers by the land companies.

These tokens are good for Railroad Fare on payment of land, \$25.00 on any home bought, \$50.00 for a free lot (just pay the taxes and transfer the title), Good For \$10.00 for each customer you bring to the land company, etc., etc.

Here are just a few of the many land tokens that can be collected.

You probably have one or more in your collection.

If you are hunting for an interesting special interest field of collecting, then maybe it is collecting land tokens.

ONCE JONESVILLE — NOW NEILTON, WASHINGTON

J. Blake Godfrey, TAMS #2028

To have a town named for you once is an honor bestowed on a very few. To have one named for you twice you would almost have to be Neil A. Jones.

NEILton nee JONESville is situated on the Olympic Peninsula 100 miles West of Seattle and three miles southeast of Lake Quinalt. It presently boasts a couple of dozen houses, one store (the Original One) and a cedar shake mill. Not much has changed in its 70 years of existence.

Jones first made the scene in 1914 when he contracted to gravel a portion of the new road being built from Humpulips (end of road) to Lake Quinalt some twenty miles away. By the time the contract was finished he was so taken with the area he filed a homestead and built his store and home. The community at that time was called "The Burn" after a disastrous forest fire of several years before. The settlement at that time consisted of a small shingle mill and three or four houses.

His store, being the only one for miles around became the center of all activities and any mail coming or going was handled in his home next door. It is fairly well established that he had the tokens made shortly after opening the store but it is not clear if the local people were already calling it Jonesville, or if Jones took it upon himself to so name it. Judging by subsequent actions on his part, I'd put my money on Jones. In 1920 when Jones applied for a post office, his request was denied. Their reasoning being that the United

States already had far too many "Jonesvilles." Someone then suggested Neilton (most likely Jones) and that was that. Neilton became the official name on June 8, 1920.

In 1929 Jones and J.J. Southard platted a small piece of land on the south end of the lake. This time Mrs. Southards name was used and it was called Amanda Park. To help sales and encourage interest in the new development, Jones gave a free lot to anyone naming a new born son "Neil". Two families actually did and one of his namesakes still lives by the lake. In the late thirties or early forties, Jones sold out and moved to Tacoma. He died there in the 1950's. The store is still operating but no longer under that name. No ther denominations have ever come to light so it is fairly safe to assume that only 10¢ pieces were used.

Shortly after starting to collect tokens, one of his came into my possession. Upon seeing the name, I recalled a conversation of some 15 years before with a former employer. At the time we were driving through Neilton when he mentioned that in the early 1900's he had hauled supplies there with team and wagon and at that time it was called Jonesville. That chance remark led to a new town for Washington State collectors and much research to find out "why".

Dear Bill: I've had one of these tokens in my maverick box for quite a while and I could never find out where it was from until a cardboard advertisement was at a local fleamarket and on it was two of these tokens glued on and as you see the Whataburger outlets are in Arizona. I believe this is not a really modern token ????

Maybe someone else has one of these and are wondering where they are from.

THE GREYHOUND TOKENS OF MINNEAPOLIS, MINNESOTA

By Cal Woods

An interesting token was brought to my attention recently, and the story behind it bears telling. For several years the Greyhound bus depot in downtown Minneapolis has been plagued with problem "customers". It started out when a young girl alights from "Frostbite Falls, Minnesota" on her way to more distant points. She checks with the ticket window to find out when her connecting bus will leave, and makes herself comfortable in the depot waiting room. Soon a man sits down beside her and attempts to befriend her. He is a pimp, looking for a nice young girl to add to his stable of prostitutes.

With his seductive manners he offers her dinner and a place to rest in privacy where he attempts to talk her into a life of prostitution.

If she is not too smart, but lucky, a police officer will spot the pimp and eject him from the depot. He knows them all, but can't catch them all. They will be back soon looking for another girl.

Most recently Greyhound has taken a bold step to protect these innocent girls from the Minneapolis pimps. They have a walled-off waiting room and a turnstyle at the only entrance. Those who have tickets are given a token. The token is inserted into the turnstyle allowing them to enter. Those without tickets cannot get in.

The token is 22½mm, Round brass, larger than a nickel and smaller than a quarter. Only the word Greyhound appears on it. It is probable that Greyhound depots in other large cities have adopted this same method of solving the nagging problem.

TOKENS, MIRRORS, ETC.

I am a serious collector in the following categories and I am willing and able to pay TOP MARKET PRICES for these tokens. My primary interest is in building a fine collection and I've been buying alot of nice pieces ... so I must be doing something right. Please write or call me if you have something that you think might interest me. I also have a substantial trading stock ... but of course I prefer to purchase outright.

ALASKA TOKENS - cataloguing \$50 and up in Benice. Will pay \$3,500 for the first McCarthy Alaska gold nugget token offered to me (cats \$500). Paying \$3,000 for the first Willis & Welch Chatanika Alaska shellcard offered me (cats \$750).

TEXAS PICTORIAL TOKENS - Will pay TOP DOLLAR for brass or white metal Heidemann-struck pictorials depicting ELEPHANTS, steers, horses, buildings, etc.

TERRITORIAL TOKENS - Good fors from Wyoming Terr (W.T.), Dakota Terr (D.T.), Arizona Terr (A.T.), Montana Terr (M.T.), Washington Terr (W.T.), and some Okla and Indian Terr (O.T. or I.T.) tokens.

POST TRADERS and WESTERN STATES' MILITARY - any old good-for saying "Trader" or "Post Trader". Military tokens (old) from Colorado on West.

NEVADA TOKENS - nice old brass, aluminum or nickel good-fors. No modern gaming tokens. There are some towns worth several hundred dollars to me and quite a few worth \$50 to \$100+ to me. Many are "dug" so don't worry about condition. I want 'em.

NEW MEXICO TOKENS - nice old good-fors. Any and all except the most common. There are many N.M. towns worth \$100++ to me.

WESTERN STATES' GOOD-FOR MIRRORS - with pictures of the proprietor, fancy women or children on them. Paying \$125 and MUCH MORE, depending on the state and the mirror. Colorado on West.

SALOONS and INTERESTING OLD MAVERICKS - Paying top dollar for attributed or maverick saloons and ornate or pictorial mavericks depicting steers, cows, burros, ELEPHANTS, horses, etc. on them.

LETTERS TO THE EDITOR:

Dear Bill: I just returned a group of tokens that I bid on from the April issue of ATCO, the one that I got as I remember on March 23rd. I didn't even look at the tokens. The advertiser mailed these tokens on May 12th according to his letter, the postmark was May 14th, actually.

I don't happen to think a bid is good "forever", and so I returned the tokens, though I'd like to have them.

If this qualifies me for the "outlaw list", I volunteer for it.

Best wishes, E. Donald Kaye.

(Editor's note: I sure don't see that this qualifies you for the "outlaw list". Sorry! Advertisers who state ATCO rules should follow them. When the day of closing hits, I'm mailing tokens and I think that all the advertisers should do the same.)

Dear Bill: Might as well add a second gripe. That is with the folks who do not respond when you sent a self-addressed stamped envelope and ask if they will tell you what a token brought when your bid didn't win. What do you suppose they do, steam off the stamp and use it elsewhere?

E. Donald Kaye.

Again, Editor's note: I've been guilty of this too, mainly because I've been too busy to answer the letter, but that does not make it right. I'm still sitting here with O'Connor's letter to answer -)

Dear Bill: I'm really happy that ATCO asked for tokens to auction for ATCO's benefit. I cannot afford to give ATCO an outright gift, but I do have duplicate tokens or tokens that do not fit into my collection and am more than glad to send them to the ATCO auctioneer.

Fred Robinson, ATCO #146

(Editor's note: Thanks Fred)

Dear Bill: Enclosed is copy for one page for the July issue along with our cheque for \$15.00 to cover. Thanks for your great service and let's see if you can't get Binky tiled up this month.

TUCSON'S PHANTOM MINES - PIMA COUNTY

Submitted by "JERRI"

The colorful, bearded prospector, with his faithful burro, has a special niche in Arizona history. Rare as a cigar store Indian today, he has left a vital heritage to the modern mining explorer.

With his rule-of-thumb geology he effectively mapped the areas of mineralization to provide the launching pads for the engineer of the present. The elusive quarry today is the deep-lying ore body. It might be called a "phantom" mine.

For centuries, conquistadors and prospectors tramped within two hundred feet of many ore deposits, but never found them--because the two hundred feet was straight down beneath the surface and the phantoms were well hidden.

Today, modern technicians--geologists, geophysicists, geochemists, geobotanists--call on every recent scientific development to give an area the "third degree".

The scientist, for instance, may trail instruments behind an airplane, watching needles to tell him there's "something different" down deep under the ground. He may lay a grid of wires over the area and take the same readings.

He charges the ground with an electric current to fathom the conductivity of what is below. He may drill holes and set off explosives to read on a seismograph the difference in the "thud" that results. The geobotanist even tests the plants growing in the area for traces of copper.

Painstakingly and exhaustively the process goes on. Then countless test holes are drilled and the samples are carefully assayed. More often than not, the results are negative. But sometimes a major ore body is located.

The area south of Tucson has become a fabulous treasure trove with a string of major copper deposits. Early discoveries go back over a hundred years, but the amount of mining was moderate compared to today's massive operations.

What happened? Simply, in the late 1940's geophysicists and other scientists became prospectors. The Pima Mine was the first discovery by the new methods.

Not every mine in the Tucson cluster is the result of geophysical search, but the big producers are. The roster of companies and their mines is impressive: Anamax Mining's Twin Buttes, Eisenhower's Palo Verde, American Smelting and Refining's San Xavier and Mission Units, Cyprus' Pima, Duval's Esperanza and Sierrita.

History's bearded old prospector would be speechless, to say the least!

SANTA CLAUS INDIANA

By: Your Editor

(FROM THE DEMOCRAT, ROCKPORT, INDIANA, FRIDAY, MAY 3, 1935)

"Jas. F. Martin, Santa Claus Postmaster for 28 years, dies Sunday of Paralysis." Spencer county's first citizen is no more, since death called James F. Martin, 60, Santa Claus postmaster.

Ten years ago (1925) this 90-years-old community was nothing but a cross roads town. A California stamp collector who found the name Santa Claus on the map of Indiana, wrote to Martin and suggested the name be changed to Santa Claus.

Overnight the settlement became the cross-roads of Christmas cheer. Postmaster Martin loved his work, even fought for it during his 28-year tenure. At one time postal authorities were ready to discontinue the Santa Claus, Indiana office. in 1933 the number of pieces handled through the office was 800,000.

The town attracted many tourists, who also came into this section of Spencer County to visit the scenes Lincoln knew as a boy.

In 1903 James Martin with his father and brother purchased the present general store.

Today, all this is but history.

Dear Bill: Below is one of the most prophetic insightful statements I've ever read relating to any hobby, but particularly tokens. I urge you to reprint it, word for word, in ATCO.

"ECONOMICALLY, EACH OF US ACTS LIKE A ROBINSON CRUSOE ON HIS OWN LITTLE ISLAND OF INTEREST- WE FAIL TO AROUSE THE INTEREST OF NEW PEOPLE AND THUS ENCOURAGE COMPETITION FOR OURSELVES. EACH GUARDS HIS OWN PARTICULAR ISLAND OF INTEREST. YET, UNLESS SUCH COMPETITION IS ENCOURAGED, WHO WILL APPRECIATE HIS COLLECTION? WHO WILL KNOW ANYTHING OF THE VAST AMOUNT OF INFORMATION ONE HAS ACQUIRED ABOUT THE SUBJECT HE COLLECTS AND EACH OF THE PIECES IN HIS COLLECTION? USUALLY THE COLLECTOR DIES WITH HIS KNOWLEDGE LOST.

THIS IS PERHAPS THE MOST SERIOUS LOSS OF ALL -- THIS LOSS OF KNOWLEDGE -- BECAUSE OFTEN THE COLLECTOR'S SOURCES OF KNOWLEDGE ARE ALSO DEAD."

COLLECT

TRADE DOLLARS

CANADA & U.S.A.

These Trade Dollars are issued by various municipalities, organizations, and some private enterprises.

The majority are issued by Canadian organizations like the Chamber of Commerce, Lions & Rotary Clubs, Legion, etc.

They are redeemable in the municipality during the year of issue until the expiry date (usually 3-6 months) through local participating merchants.

The wide variety of subjects depicted on the Dollars has made them a very interesting item for the collectors:

Trains	Boats	Famous Personalities	Airplanes
Sports	Buildings	Places of Interest	Politics
	Sports	Animals	
		History	

The number of issues has been increasing steadily over the past 3 or 4 years and, so far, some 1984 issues are being produced for the first time.

Most issues (average mintage 10,000) are produced in nickel, with some in other metals: copper, pure silver, gold-plated, brass, etc.

A price list (with descriptions) is available for a modest fee of \$1.00 to cover the cost of postage.

WANTED

A Tune for a Token

GOOD FOR A TUNE TOKENS WANTED - - - - -

I AM AN AVID COLLECTOR OF NICKEL-SIZE, PRE 1920 TOKENS FROM ANYWHERE IN THE UNITED STATES, MARKED OR UNMARKED AS TO LOCATION WITH INSCRIPTIONS RELATING TO PIANOS OR MUSIC, SUCH AS "GOOD FOR A TUNE" FOR THE PIANO OR SOMETHING SIMILAR. I DESCRIBED MANY VARIETIES IN MY

"A TUNE FOR A TOKEN" MONOGRAPH PUBLISHED SIX YEARS AGO. I CAN PARTICULARLY USE ANY ITEMS NOT DESCRIBED IN THIS REFERENCE (MANY VARIETIES HAVE COME TO LIGHT SINCE THEN).

SEND WHAT YOU CAN TOGETHER WITH THE PRICE DESIRED!!!!

NEW HAMPSHIRE

ALSO WANT FOR MY COLLECTION:

I DESIRE TO PURCHASE ANY AND ALL PRE-1920 TOKENS RELATING TO NEW HAMPSHIRE. I AM ALSO INTERESTED IN MEDALS OF NEW HAMPSHIRE, OBSOLETE PAPER MONEY FROM THE STATE AND OTHER NUMISMATIC MATERIAL. MY COLLECTION OF THESE IS JUST GETTING A GOOD START SO I CAN USE ALMOST ANYTHING. UNFORTUNATELY, I HAVE NOT PURCHASED A TRADING STOCK OF TOKENS SO I WOULD PREFER TO BUY WHAT YOU HAVE TO OFFER ME.

ANOTHER OF MY COLLECTING INTERESTS ARE 1793-1857 LARGE CENT COUNTERSTAMPED WITH FULL NAMES, POLITICAL SLOGANS, OR ADDRESSES (BUT NOT STRAY MARKS, NUMBERS OR INITIALS).

THANKS FOR YOUR HELP WITH MY COLLECTION. I LOOK FORWARD TO YOUR LETTERS AND OFFERS.

TOKENS, MIRRORS, ETC.

I am a serious collector in the following categories and I am willing and able to pay TOP MARKET PRICES for these tokens. My primary interest is in building a fine collection and I've been buying alot of nice pieces ... so I must be doing something right. Please write or call me if you have something that you think might interest me. I also have a substantial trading stock ... but of course I prefer to purchase outright.

ALASKA TOKENS - cataloguing \$50 and up in Benice. Will pay \$3,500 for the first McCarthy Alaska gold nugget token offered to me (cats \$500). Paying \$3,000 for the first Willis & Welch Chatanika Alaska shellcard offered me (cats \$750).

TEXAS PICTORIAL TOKENS - Will pay TOP DOLLAR for brass or white metal Heidemann-struck pictorials depicting ELEPHANTS, steers, horses, buildings, etc.

TERRITORIAL TOKENS - Good fors from Wyoming Terr (W.T.), Dakota Terr (D.T.), Arizona Terr (A.T.), Montana Terr (M.T.), Washington Terr(W.T.), and some Okla and Indian Terr (O.T. or I.T.) tokens.

POST TRADERS and WESTERN STATES' MILITARY - any old good-for saying "Trader" or "Post Trader". Military tokens (old) from Colorado on West.

NEVADA TOKENS - nice old brass, aluminum or nickel good-fors. No modern gaming tokens. There are some towns worth several hundred dollars to me and quite a few worth \$50 to \$100+ to me. Many are "dug" so don't worry about condition. I want 'em.

NEW MEXICO TOKENS - nice old good-fors. Any and all except the most common. There are many N.M. towns worth \$100++ to me.

WESTERN STATES' GOOD-FOR MIRRORS - with pictures of the proprietor, fancy women or children on them. Paying \$125 and MUCH MORE, depending on the state and the mirror. Colorado on West.

SALOONS and INTERESTING OLD MAVERICKS - Paying top dollar for attributed or maverick saloons and ornate or pictorial mavericks depicting steers, cows, burros, ELEPHANTS, horses, etc. on them.

YOUR NEW ATCO MEMBERSHIP LIST: Any list with as much typing as this list has is open to error and I'm sure that this list is no exception. Serious errors will be corrected in the next issue of ATCO so that members can make the corrections in their lists.

As I mentioned in the last issue of ATCO, this is one of the toughest undertakings that I've had since being editor of ATCO. Thank goodness I have a year before thinking of the next list.

Too, after this issue of ATCO new members will not be listed in the main body of ATCO, but will be listed on a separate sheet. When a sheet is full of new members it will be sent to each member for attachment to their main list. This will help in not having to search through back issues of ATCO to find members.

LETTERS TO THE EDITOR:

OUR LIBRARY: Dear Bill: I sent Jim Partridge my second edition of "Trade Tokens of Illinois" for the newly organized ATCO library. I think the library is a good idea - there are many members who do not have a lot of books for reference.

Best Regards, Ore Vacketta.

Editor's Note: Thanks, Ore!!!! Many of our members do not realize that we have new members among us in addition to some new younger members who do not have the resources for buying all the books that some of us have. Why not get behind this effort and give a helping hand to some of these new members - - remember, we want to grow!!!!

HELP!! HELP!!

GARFIELD MEMORIAL

Can anyone help Keith Owens with this medal I thought it would certainly be listed in the So-Called Dollar book. I was mistaken.

Just below the building on the obverse is the word "Cleveland" (Cleveland, Ohio???)

Anyone knowing what this is, please write to: Keith Owens, P.O. Box 634, Kimberly, Idaho 83341

Maker: S.D. Childs & Co. Chicago

Dear Bill: Enclosed is my check for renewal. I think that speaks for itself as how I regard ATCO.

In recent issues Arizona collectors have had some bad press. I think it is proper to air out the negative, the positive is just as important.

To the point. I am a member of the Arizona Numismia Society (AES) as several other ATCO members are. We usually meet the third Friday of the month in Phoenix. I have never attended a meeting I didn't enjoy. All the good things that a hobby is supposed to be happen here!!

If Binky and Pig are in the area and get a chance to attend, they might become so mellow that they would never leave.

Regards, BOB HAYS

Dear Bill: Enclosed is a two-page ad for the June issue of ATCO along with my check for \$30.00. (We even bought a new printer ribbon for Binky and Pig).

Bill, you can add our vote to those who want to keep ATCO just as it is, controversy, humor, Binky and all--it's STILL OUR FAVORITE HOBBY PUBLICATION SO DON'T CHANGE A THING!!

ALL THE BEST, JOHN CHEREAMY, VICTORIA, B.C., CANADA

Dear Bill: AN AMEN! TO BINKY!!!! I just made an offer on a collection of tokens. Then the owner wouldn't even say yes or no, just kept hinting that, in checking around, he might be able to get more money. I might have been able to deal with him if he had only given a counter offer.

Bill Hamm (Editor's Note: Binky has a nasty way of hitting home sometimes, huh?)

Dear Bill: I would like to make a suggestion to the powers that be! We have a good set of MAIL BID RULES! However, I note that almost everyone "Reserves the right to refuse any or all bids!" Why don't we add this rather redundant phrase to the rules? (If you can refuse any, then obviously you can refuse them all!) Or, why don't we add the option to refuse any bids? THANKS
Bill Massey

NOTICES:

NEW ATCO AUCTION EDITOR APPOINTED * * * * * RON HABERMAN

THERE HAVE BEEN A NUMBER OF DISCUSSIONS ABOUT HAVING ATCO AUCTIONS WITH THE PROCEEDS GOING TO ATCO - - - THIS SURE BEATS THE HECK OUT OF DUES OR ADVERTISING RATE INCREASES. SEEMS THAT EVERYTHING WE DO INCREASES IN COST EXCEPT POSTAGE AND THAT MAY BE NEXT???

I HAVE ABOUT FIVE TOKENS HERE THAT SOME MEMBERS HAVE SENT ME WHICH I WILL FORWARD TO RON. TOO, RON HAS AGREED TO DONATE FIVE OF HIS OWN TOKENS.

IF EVERY MEMBER WOULD SEND A GOOD TOKEN OR TWO IT WOULD PUT A LOT OF TOKENS ON THE MARKET TO COLLECTORS WHO COULD USE THEM, AND THE FUNDS GAINED WOULD KEEP ATCO WELL INTO THE BLACK, WHICH IT IS AT THIS TIME.

PLEASE DO NOT SEND COMMON TOKENS. I CAN TELL YOU FROM EXPERIENCE WHEN I WAS METCA AUCTION EDITOR THAT THEY DO NOT SELL IN MOST CASES AND I WOUND UP WITH A BOX OF COMMON TOKENS WHICH I FINALLY AUCTIONED FOR THE BEST OFFER.

LET'S DO UNTO OUR COLLECTING FAMILY THAT WHICH WE WOULD LIKE DONE TO US - - GOOD TOKENS.

SO, IF YOU COLLECTORS WOULD SEND YOUR TOKENS TO RON AT THE FOLLOWING ADDRESS HE WILL PUT THEM IN ORDER AND SEND THE AUCTIONS TO ATCO. THEY WILL RUN IN ATCO AND ALL DEALING ON BIDDING, ETC. WILL BE DONE THROUGH RON. THANKS GUYS AND GALS FOR A LITTLE EFFORT!!!

RON HABERMAN, 4311 PASADENA DRIVE, BOISE, IDAHO 83705

BINKY'S LAW OF EXONUMIA

Dear Bill: In physics, mathematics and economics there are laws and principles which ordinarily apply, to some degree, such as Gresham's Law, Darwin's Theory and Einstein's theory. Of course everyone has heard of Murphy's Law.

Although token collecting is a relatively new hobby, I believe we have advanced enough to rate a little dignity.

I propose BINKY'S LAW OF EXONUMIA - THE VALUE OF A TOKEN VARIES DIRECTLY WITH THE ABUSE ITAPED UPON IT.

In other words, the more collectors run down your piece by declaring "that's a hoard token", "that it has worn spots or that it is the wrong metal to be valuable, etc", the more it is worth?????

Eldon Schuttler

Dear Bill: No one made me mad this month so Pig and I'll just keep trucking until next month.

Binky

POSSIBLE FAKES: REPORTED BY GEORGE HOSEK

Dear Bill: I called Merlin Bonhus and talked to him about a display of tokens I found. It is a beautiful display of 14 tokens and a medal made up in a beautiful display and glued down (which makes them hard to study). The Colorado towns involved are: Ouray, Sneffels, Montrose, Hotel Glenwood, Silverton, Red Mountain (which is already listed as a fake) and Telluride. They appear to have been cast from used token patterns, pot metal, no doubt.

BOWERS TO PRODUCE BOOK ON COUNTERSTAMPED LARGE CENTS

United States large cents 1793-1857 counterstamped with various political, commercial, and private marks, furnishes the subject for a book now being written by Q. David Bowers, author of nearly twenty other numismatic volumes.

During the large cent era such messages as VOTE THE LAND FREE (part of the Free Soil Party's campaign of 1848), DEVINS & BULTON (Montreal druggists), DR. G. G. WILKINS (a Pittsfield, New Hampshire dentist), OIL OF ICE (a patent medicine), and others were carried far and wide by their appearance on large cents, America's most widely-circulated coin. Marks impressed by silversmiths, gunsmiths, clock makers, and other craftsmen in metal, form another area of interest, as do counterstamps of devices such as eagles, arrows, and other motifs.

When Lafayette, French hero of the Revolution, revisited America in 1824, large cents were counterstamped with Washington's portrait on one side and Lafayette's on the other. These are known from a number of dates, primarily of the 1819-1824 years.

The writer would be pleased to correspond with anyone possessing these or others counterstamped large cents. Any counterstamps other than stray initials or marks are of interest and will be credited in the final work.

Inquiries may be addressed to: Q. David Bowers, Box 1224, Wolfeboro, NH 03894.

NOTES FROM YOUR EDITOR:

I don't have a whole lot to say this month. It has been a busy month, job-wise, and with ATCO. I do have one little gripe -- some of you are still submitting ads on onion skin paper. The printer just goes wild when he sees it. Please use just regular paper like that that ATCO is printed on -- Please!!!

HAVE A GOOD TOKEN MONTH!!!

TOKENS - WHY WE COLLECT? - WHAT DOES THE FUTURE HOLD?

BY ALAN WEINBERG

I've just finished browsing through BOWERS AND MERENA'S Rare Coin Review and reading the fascinating nostalgic reminiscences of Dave Bowers, an ATCO member. I've long been a fan of Dave's writing and got the urge to expound similarly on tokens for ATCO.

Many of us started collecting tokens as an extension of our coin collecting hobby, the latter outgrowing our respective wallets. After all, tokens in the main served as a circulating medium of exchange or advertising.

Others started collecting tokens because friends collect or the "bug bit" as one dug up a few with metal detectors. Still others because they collect anything nostalgic related to their county, town or State. Whatever the reason, when you're "bit" you've usually got the fever for life.

What is there about tokens that enthalls us all? Certainly it isn't the search for gem superb quality that seems to be the motivation in coin collecting. Indeed, the great majority of token collectors want a token to exhibit signs of use and wear - they spurn and are suspicious of gem uncirculated old tokens. Are they old? Are they real? Has a hoard been discovered?

I'll tell you what it is. It's the fantastic variety of die work, styles, subject matter, shapes, metals, designs and pictorials. It's the direct connection with history - the hanging judge, the infamous murderous gunslingers, the house of ill repute, the saloon, the scene of so many famous gun fight, the mention of a mining town or frontier post that has long since vanished from the scene. The likelihood that this token might have passed through the hands of Wyatt Earp or William Bonney. Or was placed on the saloon counter by Doc Holliday, or passed in trade for blankets by a Navajo Chief.

What of the future of our hobby? Unlike the coin hobby, a field I'm still involved in, I think the future is "ROSY". You see, coins - at least American coins - have priced themselves out of the range of affordability to all but the wealthiest of collectors and investors. New collectors - particularly our youth - are not being attracted to the coin hobby. Turned off by impolite, Grey Sheet-oriented "big dealers", high prices, downright unattractive cheap modern coinage and roller coaster price fluctuations, collectors have left the numismatics in droves.

But what of tokens? Prices are good and strong. Indeed, I continue to marvel at the relatively low prices rare tokens bring when one considers the demand for the short supply. Theoretically, when the supply is so small and the demand so great, prices should be much higher.

But therein lies the irony...and the pleasure of the hobby. Notwithstanding the fact that, say, 200 collectors want a specimen of the 5 - 10 known of a particular token, it also follows that perhaps only 5% of those 200 collectors can afford to pay more than \$100 for a token. Thus, that rare token can exist in only a small % of the collections that actually need it and yet sells for only \$100 or so.

Now, as inflation occurs, wages increase and those collectors prosper in their lives, their range of affordability will advance to \$100 and much more. And that rare token will increase in price rapidly as more collectors can afford it and seek it at higher value levels. It still does boil down to the "supply and demand" theory we all learned in high school economics.

But are there any negatives about our hobby? Sure there are.

There is always the risk - and the risk becomes more substantial the higher the price - that the rare token will be discovered in hoard quantities. A quantity of 10 or hundreds. It happens all the time. We find the hoard at times absorbed by the market quickly. Other times, one or a few persons control the hoard and let out a few at a time, trying to maintain the market price. Invariably, the secret seeps out.

Then there are the fakes. I've seen more than my share and I can tell you they are dangerous.

Continued

For instance, more than 30 different highly deceptive fake "old" Nevada tokens exist. They are aged, corroded and "dug", sexy-sounding towns and saloons. All by one man who made only 3-4 of each fake. Yes, they are rare in their own right. There is scarcely an advanced Nevada token collector who hasn't been burned. The same scurrilous source also issued 4 fake Arizona tokens, several California tokens and at least 1 Utah token I've seen. All the same identical diework. Hopefully, I'll be able to put together an illustrated article on these fakes - given the cooperation of the 3 serious collectors who have a large % of the known fakes, having been "burned" and now retaining them for reference.

But what is more disturbing are the frequently simple designs of so many tokens - so easily duplicated the the various sophisticated counterfeiting techniques so threatening in the coin hobby. Anyone who has seen the fake rare Lincoln cents, fake St. Gaudens \$20 gold pieces, etc. can fully realize just how simple it is to copy the most complex token design. The main reason it hasn't occurred yet with tokens is money. Tokens haven't reached the price levels where it is economically feasible to create copies...yet.

Recently, at the November Denver ATCO show I examined a fake incused J.S. Collins Post Trader Ft. Laramie D.T. token side by side with my genuine specimen, one of the very rarest of Post Trader tokens (3-4 known). The fake had been issued recently as a souvenir and is currently available for only a few dollars. The tiny incused word "copy" on the obverse could easily be tooled out or filled in. DISTURBING!

And, as in coins, we have the up and down fluctuations of demand and price in tokens. By and large, Civil War tokens, Hard Times tokens and early merchant storecards can be purchased for a fraction of their 1980 prices...largely due to an unjustified big price rise in the late 1970's.

And when a field has been pushed and "hyped" too hard and prices reach levels too fast and too high for the serious collectors to appreciate, there will be a sudden slump - as can be seen in Arizona tokens right now. Sure, prices will recover but it'll take some "new blood" in that field before they do.

Will the hobby ever price itself out of existence like coins may be doing? I DOUBT IT! A good friend recently pointed out to me something rather obvious. Tokens are too rare to be "hyped" as an investment medium. And to worn, corroded or circulated to attract the perfection "nuts" in numismatics who pursue MS-65 silver dollars and gold coins and "full split band" Mercury Head dimes. Hope. As an investment tokens will do just fine. Probably, on the average, appreciate 10-20% a year. Add to this the satisfaction and fellowship, and this hobby will do just fine.

I still attend a great many coin shows around the country seeking what turns out to be invariably fewer and fewer tokens. Coin dealers who used to regard tokens as "junk" and a "nuisance" now increasingly say "Oh, I collect them myself. I don't sell 'em. Got any to sell?" I just grin, shake my head and move on.

M is for Maverick

By J.W. Baum

A maverick is unbranded showing not where it came. Trying to find it's owner can prove to be quite a game.

If only a name is given, and perhaps a street address. Trying to find the town of origin can really be quite a mess.

That old two bit brass token addressed 212 SOUTH VINE. Was it good for beer, or candy for a cigar, or perhaps to dine.

Who was Salis Oliver. His piece says pay 10¢ at the bar. Was his shop made of stone, or lumber, paper and tar?

Who and where is Hickory's Place - no town or address inscribed. Is he alive, or is he dead. And where did he reside?

PAULINE WAS NO LADY

Colorado placer mines, Weaver, Rich Hill.  
Yavapai County.

His Indian name was Quah-a-ha-na, which means "peacemaker" or "good talker." He was the son of an English father and Cherokee mother.

The Arizona Apaches liked Quah-a-ha-na, and in his early days, Pauline Weaver was known across the territory as a friend of the red man.

He was tall and broad-chested with the shaggy beard and long locks of a "mountain man." Deep penetrating eyes stabbed out from his sharp bony features and his strong resonant voice was like the growling of thunder. He was one hundred percent man, despite the name "Pauline."

Born on the Tennessee frontier in 1800, he came westward, seeking beaver pelts along the Gila River.

During one of his long treks into southern Arizona, Weaver took shelter in the Casa Grande ruins and carved his name there, with the date, 1832, for all to see.

Arizona then was a place open for exploration and a prospector's pick at any blow might reveal a rich silver or gold vein.

So when not hunting, trapping or guiding, Pauline Weaver tried his hand at prospecting. A.H. Peeples and Weaver organized an exploration party. Around 1863 they left the Colorado River at a point north of the present-day Ehrenberg and followed faint traces of washes eastward into the low mountains north of what today is the town of Congress.

One morning four Mexican wranglers were dispatched to find several horses that had wandered away from camp. They returned with not only the missing stock, but with some interesting rocks they had picked up on the summit of a nearby hill.

Weaver's curiosity was aroused, and he led the group back to the hill, where he used his hunting knife to pry loose a few good-sized nuggets. He carried one to Yuma and showed it to Jose Redondo, who declared it was gold!

Others abandoned the Colorado River to join the Peeples-Weaver party in the hills. At the original location, nuggets were strewn by nature in such a careless and opulent way that the spot was dubbed Rich Hill. It became the richest single placer discovery ever made in Arizona. Additional gold was found at Antelope Hill, nearby, where again much of it could be pried loose with a hunting knife.

The influx of miners around the discoveries turned the "Colorado placers" into towns. One of them was La Paz, a city now dead and forgotten in its own century. During its fierce and thriving years, LaPaz missed becoming the capital of the territory by one vote!

Pauline Weaver is still identified as one of the discoverers of these placers east of La Paz. But, even as the city vanished, so has the gold.

The battle for land has been with us for years and will probably remain little changed for the coming centuries. The one who had land was a person of power for as long as people have been on the earth. More fights and feuds have been over land than almost anything else, neighbor with neighbor, company with company and country with country. Western fights were over barb-wire fencing and water rights - it all came down to who owned the land. The Indians were moved west because the white man wanted the land the Indian was on.

Americans have always wanted their own home on their own land and the land companies want this same thing for Americans.

Land tokens are a special type of token collecting. These tokens can be found in almost every state. Many are most unusual with different offers by the land companies.

These tokens are good for Railroad Fare on payment of land, \$25.00 on any home bought, \$50.00 for a free lot (just pay the taxes and transfer the title), Good For \$10.00 for each customer you bring to the land company, etc., etc.

Here are just a few of the many land tokens that can be collected.

You probably have one or more in your collection.

If you are hunting for an interesting special interest field of collecting, then maybe it is collecting land tokens.

## ONCE JONESVILLE — NOW NEILTON, WASHINGTON

J. Blake Godfrey, TAMS #2028

To have a town named for you once is an honor bestowed on a very few. To have one named for you twice you would almost have to be Neil A. Jones.

NEILton nee JONESville is situated on the Olympic Peninsula 100 miles West of Seattle and three miles southeast of Lake Quinalt. It presently boasts a couple of dozen houses, one store (the Original One) and a cedar shake mill. Not much has changed in its 70 years of existence.

Jones first made the scene in 1914 when he contracted to gravel a portion of the new road being built from Humpulips (end of road) to Lake Quinalt some twenty miles away. By the time the contract was finished he was so taken with the area he filed a homestead and built his store and home. The community at that time was called "The Burn" after a disastrous forest fire of several years before. The settlement at that time consisted of a small shingle mill and three or four houses.

His store, being the only one for miles around became the center of all activities and any mail coming or going was handled in his home next door. It is fairly well established that he had the tokens made shortly after opening the store but it is not clear if the local people were already calling it Jonesville, or if Jones took it upon himself to so name it. Judging by subsequent actions on his part, I'd put my money on Jones. In 1920 when Jones applied for a post office, his request was denied. Their reasoning being that the United

States already had far too many "Jonesvilles." Someone then suggested Neilton (most likely Jones) and that was that. Neilton became the official name on June 8, 1920.

In 1929 Jones and J.J. Southard platted a small piece of land on the south end of the lake. This time Mrs. Southards name was used and it was called Amanda Park. To help sales and encourage interest in the new development, Jones gave a free lot to anyone naming a new born son "Neil". Two families actually did and one of his namesakes still lives by the lake. In the late thirties or early forties, Jones sold out and moved to Tacoma. He died there in the 1950's. The store is still operating but no longer under that name. No other denominations have ever come to light so it is fairly safe to assume that only 10¢ pieces were used.

Shortly after starting to collect tokens, one of his came into my possession. Upon seeing the name, I recalled a conversation of some 15 years before with a former employer. At the time we were driving through Neilton when he mentioned that in the early 1900's he had hauled supplies there with team and wagon and at that time it was called Jonesville. That chance remark led to a new town for Washington State collectors and much research to find out "why".

7 Convenient Locations in Phoenix, Scottsdale, Tempe

Dear Bill: I've had one of these tokens in my maverick box for quite a while and I could never find out where it was from until a cardboard advertisement was at a local fleamarket and on it was two of these tokens glued on and as you see the Whataburger outlets are in Arizona. I believe this is not a really modern token ????

Maybe someone else has one of these and are wondering where they are from.

#### THE GREYHOUND TOKENS OF MINNEAPOLIS, MINNESOTA

By Cal Woods

An interesting token was brought to my attention recently, and the story behind it bears telling. For several years the Greyhound bus depot in downtown Minneapolis has been plagued with problem "customers". It started out when a young girl alights from "Frostbite Falls, Minnesota" on her way to more distant points. She checks with the ticket window to find out when her connecting bus will leave, and makes herself comfortable in the depot waiting room. Soon a man sits down beside her and attempts to befriend her. He is a pimp, looking for a nice young girl to add to his stable of prostitutes.

With his seductive manners he offers her dinner and a place to rest in privacy where he attempts to talk her into a life of prostitution.

If she is not too smart, but lucky, a police officer will spot the pimp and eject him from the depot. He knows them all, but can't catch them all. They will be back soon looking for another girl.

Most recently Greyhound has taken a bold step to protect these innocent girls from the Minneapolis pimps. They have a walled-off waiting room and a turnstyle at the only entrance. Those who have tickets are given a token. The token is inserted into the turnstyle allowing them to enter. Those without tickets cannot get in.

The token is 22½mm, Round brass, larger than a nickel and smaller than a quarter. Only the word Greyhound appears on it. It is probable that Greyhound depots in other large cities have adopted this same method of solving the nagging problem.

# TOKENS, MIRRORS, ETC.

I am a serious collector in the following categories and I am willing and able to pay TOP MARKET PRICES for these tokens. My primary interest is in building a fine collection and I've been buying alot of nice pieces ... so I must be doing something right. Please write or call me if you have something that you think might interest me. I also have a substantial trading stock ... but of course I prefer to purchase outright.

ALASKA TOKENS - cataloguing \$50 and up in Benice. Will pay \$3,500 for the first McCarthy Alaska gold nugget token offered to me (cats \$500). Paying \$3,000 for the first Willis & Welch Chatanika Alaska shellcard offered me (cats \$750).

TEXAS PICTORIAL TOKENS - Will pay TOP DOLLAR for brass or white metal Heidemann-struck pictorials depicting ELEPHANTS, steers, horses, buildings, etc.

TERRITORIAL TOKENS - Good fors from Wyoming Terr (W.T.), Dakota Terr (D.T.), Arizona Terr (A.T.), Montana Terr (M.T.), Washington Terr (W.T.), and some Okla and Indian Terr (O.T. or I.T.) tokens.

POST TRADERS and WESTERN STATES' MILITARY - any old good-for saying "Trader" or "Post Trader". Military tokens (old) from Colorado on West.

NEVADA TOKENS - nice old brass, aluminum or nickel good-fors. No modern gaming tokens. There are some towns worth several hundred dollars to me and quite a few worth \$50 to \$100+ to me. Many are "dug" so don't worry about condition. I want 'em.

NEW MEXICO TOKENS - nice old good-fors. Any and all except the most common. There are many N.M. towns worth \$100++ to me.

WESTERN STATES' GOOD-FOR MIRRORS - with pictures of the proprietor, fancy women or children on them. Paying \$125 and MUCH MORE, depending on the state and the mirror. Colorado on West.

SALOONS and INTERESTING OLD MAVERICKS - Paying top dollar for attributed or maverick saloons and ornate or pictorial mavericks depicting steers, cows, burros, ELEPHANTS, horses, etc. on them.

## Constant Contact

It's easy reaching the big guys for news and comment. But how does Numismatic News reach the grass roots collector?

By moving about, from coin show to coin show.

Shows from L.A. to New York, Wisconsin to Texas. Some large and some small. We work. We socialize. We listen.

We reach out and keep in contact with collectors across the country.

LETTERS TO THE EDITOR:

Dear Bill: I just returned a group of tokens that I bid on from the April issue of ATCO, the one that I got as I remember on March 23rd. I didn't even look at the tokens. The advertiser mailed these tokens on May 12th according to his letter, the postmark was May 14th, actually.

The mailing was one day short of one month after the sale closed according to ATCO rules. I don't happen to think a bid is good "forever", and so I returned the tokens, though I'd like to have them.

If this qualifies me for the "outlaw list", I volunteer for it.

Best wishes, E. Donald Kaye.

(Editor's note: I sure don't see that this qualifies you for the "outlaw list". Sorry! Advertisers who state ATCO rules should follow them. When the day of closing hits, I'm mailing tokens and I think that all the advertisers should do the same.)

Dear Bill: Might as well add a second gripe. That is with the folks who do not respond when you sent a self-addressed stamped envelope and ask if they will tell you what a token brought when your bid didn't win. What do you suppose they do, steam off the stamp and use it elsewhere?

E. Donald Kaye.

(Again, Editor's note: I've been guilty of this too, mainly because I've been too busy to answer the letter, but that does not make it right. I'm still sitting here with O'Connor's letter to answer - )

Dear Bill: I'm really happy that ATCO asked for tokens to auction for ATCO's benefit. I cannot afford to give ATCO an outright gift, but I do have duplicate tokens or tokens that have other members looked at it this way????

Fred Robinson, ATCO #146

(Editor's note: Thanks Fred)

(Editor's Note: I don't know what is wrong with Binky. When he gets this peacable I begin to worry - - hope he isn't sick.)

I TALKED TO BINKY AND HE SAID THAT HE AND PIG WERE SO BUSY THEY DID NOT HAVE TIME TO WRITE ANYTHING.

BINKY SAID THAT HE WAS MAD THOUGH AND WOULD BE WRITING SOMETHING NEXT ISSUE. HE WOULDN'T TELL ME WHAT HE WAS ANGRY ABOUT. HE JUST GUMMELED AND SAID THAT HE HAD TO GET THIS \$\*%\*#&\$ RIG ON THE ROAD.

#### TUCSON'S PHANTOM MINES - PIMA COUNTY

Submitted by "JERRI"

The colorful, bearded prospector, with his faithful burro, has a special niche in Arizona history. Rare as a cigar store Indian today, he has left a vital heritage to the modern mining explorer.

With his rule-of-thumb geology he effectively mapped the areas of mineralization to provide the launching pads for the engineer of the present. The elusive quarry today is the deep-lying ore body. It might be called a "phantom" mine.

For centuries, conquistadors and prospectors tramped within two hundred feet of many ore deposits, but never found them--because the two hundred feet was straight down beneath the surface and the phantoms were well hidden.

Today, modern technicians--geologists, geophysicists, geochemists, geobotanists--call on every recent scientific development to give an area the "third degree".

The scientist, for instance, may trail instruments behind an airplane, watching needles to tell him there's "something different" down deep under the ground. He may lay a grid of wires over the area and take the same readings.

He charges the ground with an electric current to fathom the conductivity of what is below. He may drill holes and set off explosives to read on a seismograph the difference in the "thud" that results. The geobotanist even tests the plants growing in the area for traces of copper.

Painstakingly and exhaustively the process goes on. Then countless test holes are drilled and the samples are carefully assayed. More often than not, the results are negative. But sometimes a major ore body is located.

The area south of Tucson has become a fabulous treasure trove with a string of major copper deposits. Early discoveries go back over a hundred years, but the amount of mining was moderate compared to today's massive operations.

What happened? Simply, in the late 1940's geophysicists and other scientists became prospectors. The Pima Mine was the first discovery by the new methods.

Not every mine in the Tucson cluster is the result of geophysical search, but the big producers are. The roster of companies and their mines is impressive: Anamax Mining's Twin Buttes, Eisenhower's Palo Verde, American Smelting and Refining's San Xavier and Mission Units, Cyprus' Pima, Duval's Esperanza and Sierrita.

History's bearded old prospector would be speechless, to say the least!

## SANTA CLAUS INDIANA

By: Your Editor

(FROM THE DEMOCRAT, ROCKPORT, INDIANA, FRIDAY, MAY 3, 1935)

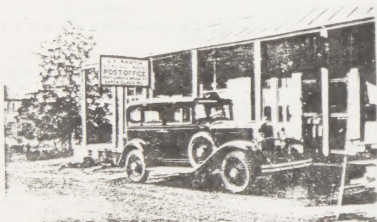

"Jas. F. Martin, Santa Claus Postmaster for 28 years, dies Sunday of Paralysis." Spencer county's first citizen is no more, since death called James F. Martin, 60, Santa Claus postmaster.

Ten years ago (1925) this 90-years-old community was nothing but a cross roads town. A California stamp collector who found the name Santaclaus on the map of Indiana, wrote to Martin and suggested the name be changed to Santa Claus.

Overnight the settlement became the cross-roads of Christmas cheer. Postmaster Martin loved his work, even fought for it during his 28-year tenure. At one time postal authorities were ready to discontinue the Santa Claus, Indiana office. in 1933 the number of pieces handled through the office was 800,000.

The town attracted many tourists, who also came into this section of Spencer County to visit the scenes Lincoln knew as a boy.

In 1903 James Martin with his father and brother purchased the present general store. Today, all this is but history.

Dear Bill: Below is one of the most prophetic insightful statements I've ever read relating to any hobby, but particularly tokens. I urge you to reprint it, word for word, in ATCO.

"ECONOMICALLY, EACH OF US ACTS LIKE A ROBINSON CRUSOE ON HIS OWN LITTLE ISLAND OF INTEREST- WE FAIL TO AROUSE THE INTEREST OF NEW PEOPLE AND THUS ENCOURAGE COMPETITION FOR OURSELVES. EACH GUARDS HIS OWN PARTICULAR ISLAND OF INTEREST. YET, UNLESS SUCH COMPETITION IS ENCOURAGED, WHO WILL APPRECIATE HIS COLLECTION? WHO WILL KNOW ANYTHING OF THE VAST AMOUNT OF INFORMATION ONE HAS ACQUIRED ABOUT THE SUBJECT HE COLLECTS AND EACH OF THE PIECES IN HIS COLLECTION? USUALLY THE COLLECTOR DIES WITH HIS KNOWLEDGE LOST.

THIS IS PERHAPS THE MOST SERIOUS LOSS OF ALL -- THIS LOSS OF KNOWLEDGE -- BECAUSE OFTEN THE COLLECTOR'S SOURCES OF KNOWLEDGE ARE ALSO DEAD."

COLLECT

# TRADE DOLLARS

## CANADA & U.S.A.

These Trade Dollars are issued by various municipalities, organizations, and some private enterprises.

The majority are issued by Canadian organizations like the Chamber of Commerce, Lions & Rotary Clubs, Legion, etc.

They are redeemable in the municipality during the year of issue until the expiry date (usually 3-6 months) through local participating merchants.

The wide variety of subjects depicted on the Dollars has made them a very interesting item for the collectors:

|        |           |                      |           |
|--------|-----------|----------------------|-----------|
| Trains | Boats     | Famous Personalities | Airplanes |
| Sports | Buildings | Places of Interest   | Politics  |
|        | Sports    | Animals              | History   |

The number of issues has been increasing steadily over the past 3 or 4 years and, so far, some 1984 issues are being produced for the first time.

Most issues (average mintage 10,000) are produced in nickel, with some in other metals: copper, pure silver, gold-plated, brass, etc.

A price list (with descriptions) is available for a modest fee of \$1.00 to cover the cost of postage.

# A Tune for a Token

GOOD FOR A TUNE TOKENS WANTED - - - - -

I AM AN AVID COLLECTOR OF NICKEL-SIZE, PRE 1920 TOKENS FROM ANYWHERE IN THE UNITED STATES, MARKED OR UNMARKED AS TO LOCATION WITH INSCRIPTIONS RELATING TO PIANOS OR MUSIC, SUCH AS "GOOD FOR A TUNE" FOR THE PIANO OR SOMETHING SIMILAR. I DESCRIBED MANY VARIETIES IN MY

"A TUNE FOR A TOKEN" MONOGRAPH PUBLISHED SIX YEARS AGO. I CAN PARTICULARLY USE ANY ITEMS NOT DESCRIBED IN THIS REFERENCE (MANY VARIETIES HAVE COME TO LIGHT SINCE THEN).

SEND WHAT YOU CAN TOGETHER WITH THE PRICE DESIRED!!!!

NEW HAMPSHIRE

## ALSO WANT FOR MY COLLECTION:

I DESIRE TO PURCHASE ANY AND ALL PRE-1920 TOKENS RELATING TO NEW HAMPSHIRE. I AM ALSO INTERESTED IN MEDALS OF NEW HAMPSHIRE, OBSOLETE PAPER MONEY FROM THE STATE AND OTHER NUMISMATIC MATERIAL. MY COLLECTION OF THESE IS JUST GETTING A GOOD START SO I CAN USE ALMOST ANYTHING. UNFORTUNATELY, I HAVE NOT PURCHASED A TRADING STOCK OF TOKENS SO I WOULD PREFER TO BUY WHAT YOU HAVE TO OFFER ME.

ANOTHER OF MY COLLECTING INTERESTS ARE 1793-1857 LARGE CENT COUNTERSTAMPED WITH FULL NAMES, POLITICAL SLOGANS, OR ADDRESSES (BUT NOT STRAY MARKS, NUMBERS OR INITIALS).

THANKS FOR YOUR HELP WITH MY COLLECTION. I LOOK FORWARD TO YOUR LETTERS AND OFFERS.

# TOKENS, MIRRORS, ETC.

I am a serious collector in the following categories and I am willing and able to pay TOP MARKET PRICES for these tokens. My primary interest is in building a fine collection and I've been buying alot of nice pieces ... so I must be doing something right. Please write or call me if you have something that you think might interest me. I also have a substantial trading stock ... but of course I prefer to purchase outright.

ALASKA TOKENS - cataloguing \$50 and up in Benice. Will pay \$3,500 for the first McCarthy Alaska gold nugget token offered to me (cats \$500). Paying \$3,000 for the first Willis & Welch Chatanika Alaska shellcard offered me (cats \$750).

TEXAS PICTORIAL TOKENS - Will pay TOP DOLLAR for brass or white metal Heidemann-struck pictorials depicting ELEPHANTS, steers, horses, buildings, etc.

TERRITORIAL TOKENS - Good fors from Wyoming Terr (W.T.), Dakota Terr (D.T.), Arizona Terr (A.T.), Montana Terr (M.T.), Washington Terr(W.T.), and some Okla and Indian Terr (O.T. or I.T.) tokens.

POST TRADERS and WESTERN STATES' MILITARY - any old good-for saying "Trader" or "Post Trader". Military tokens (old) from Colorado on West.

NEVADA TOKENS - nice old brass, aluminum or nickel good-fors. No modern gaming tokens. There are some towns worth several hundred dollars to me and quite a few worth \$50 to \$100+ to me. Many are "dug" so don't worry about condition. I want 'em.

NEW MEXICO TOKENS - nice old good-fors. Any and all except the most common. There are many N.M. towns worth \$100++ to me.

WESTERN STATES' GOOD-FOR MIRRORS - with pictures of the proprietor, fancy women or children on them. Paying \$125 and MUCH MORE, depending on the state and the mirror. Colorado on West.

SALOONS and INTERESTING OLD MAVERICKS - Paying top dollar for attributed or maverick saloons and ornate or pictorial mavericks depicting steers, cows, burros, ELEPHANTS, horses, etc. on them.

YOUR NEW ATCO MEMBERSHIP LIST: Any list with as much typing as this list has is open to error and I'm sure that this list is no exception. Serious errors will be corrected in the next issue of ATCO so that members can make the corrections in their lists.

As I mentioned in the last issue of ATCO, this is one of the toughest undertakings that I've had since being editor of ATCO. Thank goodness I have a year before thinking of the next list.

Too, after this issue of ATCO new members will not be listed in the main body of ATCO, but will be listed on a separate sheet. When a sheet is full of new members it will be sent to each member for attachment to their main list. This will help in not having to search through back issues of ATCO to find members.

## Your Steadfast Hobby Guardian

The travel was time-consuming. Room and board was expensive. And corporate benefits were intangible. Yet, when Chet Krause and Numismatic News were asked to testify at the Olympic coinage hearings, they jumped at the chance to represent your hobby interests.

Before the smoke cleared, Chet and company testified on three separate occasions.

THE EDITOR'S PAGE:

Last month some of you got your ATCO later than you should have. I had everything ready to go when the reservation cards for the ATCO meet came in. Would you believe that that little card cost an extra 17¢ to mail? I had to go back to the post office and get more stamps and go through the whole group of envelopes adding more stamps. It cost an extra hundred dollars to mail those cards.

Also, I have gotten letters from collectors who live the farthest out (like Alaska, N.Y., Florida, Washington, etc. who have stated that they get calls on tokens three days before they get their ATCO, from collectors in the midwest who have already gotten their ATCO. So, to correct this I am mailing to those outer area three days before I mail the closer in areas. That should cure the problem and everyone will get ATCO about the same time.

This issue was short on ads and there are many articles and other free areas. When you have about a \$600 income on an issue and about a \$1500 outgo you can see where your dues goes.

We had so many good articles that we had to hold some out until next issue. When you guys decide to write you do well and then there is a lull and I wonder if we'll have enough good articles. Winter is coming so how about getting behind that pen or typewriter and getting some stuff in here???

Too, I did not get all the letters to the editor in this issue. Hope we can get that done in the next issue.

I retyped page 2 of ATCO - please take note. That page has information that you need so that you don't have to write me or phone me asking what the membership dues are or how much for a full page ad, etc.

NOW, DON'T FORGET ABOUT THE BIG ATCO MEET. IF YOU WERE THERE LAST YEAR YOU KNOW HOW MUCH FUN YOU HAD!!!

TABLES ARE GOING FAST SO IF YOU PLAN TO HAVE A TABLE CONTACT:

LETTERS TO THE EDITOR:

Dear Bill: Sometime back a friend of mine had some proof silver 25¢ pieces in 2x2 holders with square cut holes. The holders turned his proofs green. Apparently there are some 2x2 holders that are made with pvc plastic. These square cut 2x2s are likely to appeal to token collectors (because some of us have square tokens).

If anybody has this kind of 2x2 with the square cut holes, they should take the token out and examine the holder. If you take the token out, hold the 2x2 up to the light and look for a cloudy area where the token was. If there is a cloudy ring, then the holder is one of the PVC "coin killers".

The only 2x2s (or flips) that anyone should use are the ones made with mylar.

Best regards, Hank Thoele (Editor's Note: Thanks Hank. We need good information like this)

Dear Bill: I've been advised that the set of I.T. tokens I advertised in the last ATCO are FAKES. SORRY FOLKS, I DIDN'T KNOW.

ONLY TWO MEMBERS, UNTIL TODAY, HAVE TAKEN THE TIME TO LET ME KNOW WHAT THEY WERE. R.B. WORTHINGTON OF TEXAS AND JOE COPELAND FROM OKLAHOMA. JOE CALLED LONG DISTANCE ON SUNDAY MORNING. THANKS MUCH GUYS - - I OWE YOU.

Dear Bill: I see E. D. Kaye gripping about answering an SASE. I think if guys don't have time to answer they should just drop the envelope in the mail - doesn't even have to be sealed. The sender would get it and not be sitting around wondering if he was ever going to get an answer. Thanks.  
L. S. HILLGOSS

\*\*\*\*\*  
Dear Bill: Realizing that there are collector groups for just about everything, I am going to suggest a new one. I advocate an organization which would be for lumber token collectors. It seems that there are quite a few collectors that fall in this range and would also encompass those different states which people collect.

I would propose that anyone who is interested please contact me. My efforts will be to make up a list of all names received, list states in which their lumber collecting interests lie, try to get a list of all the token collecting groups in the U.S. and other countries, place with them, hopefully, a free ad. Members will be asked to answer any and all cards or letters, which they may receive, pertaining to the hobby of lumber collecting.

I do not feel that this will take away any of the many extraordinary tokens that are offered in ATCO. The reason being that so many of the wonderful people in our organization, keep coming up with great lumber tokens. Thanks!

IF I'M ABLE TO MAKE IT TO THE DENVER SHOW THIS YEAR I'LL MEET ALL THE FINE PEOPLE WHO MAKE UP ATCO. MIGHT EVEN GET TO MEET THAT HAIRY, OVERWEIGHT GARBAGE TRUCK DRIVER, BINKY.

Sincerely, Bill Becht, Jr.

(Editor's Note: BOY!!! ARE YOU IN TROUBLE NOW. BINKY IS AN OVER THE ROAD TRUCK DRIVER AND CALLING HIM A GARBAGE MAN IS GOING TO MAKE HIM REALLY MAD. HOPE I'M NOT THE FIRST TO MEET HIM AFTER HE READS THIS.)

## WARNING - - - WARNING

Dear Bill: On page 20 of the July/August issue of ATCO the set of tokens "ADA MERCANTILE CO./ADA, I.T., are outright fakes which have been known for years - and are listed as such in the Oklahoma Catalog (there are quite a few individual tokens, and complete sets, of both I.T. and O.T. which are fakes. The catalog does a good job of listing them). (Editor's note: Jack Smith didn't know they were fakes when he listed them - see his letter in the Letter's to the editor).

Another recent personal experience show that these tokens are still with us, despite all attempts to alert collectors. A local dealer phoned me that he had a "M.T." token, and he read the description over the phone to me. Since it was not in my Montana Collection, I was seriously interested, and made a suitable offer high enough that the dealer offered to deliver the token to me here in my town. My expectations were high, and even at first glance the token looked O.K., but a closer look disclosed three small letters, "DRA" on the obverse (hardly noticable, since the token had been aged & worn artificially). The token is described below;

OBV. "GRAND UNION HOTEL"/DRA/SPITZLEY & TRAVERS PROP./FORT BENTON, M.T. REV. GOOD FOR/1/DRINK" Rd. Brass/Approv. 30mm.

My interest was dashed, and I had the unpleasant task of informing the dealer he had a bad token. The "DRA" stand for (Deep River Armory) and are the products of a very clever party who produces various tokens, purporting to be Military or Territorial, but which are products of his own imagination.

His "Deep River Armory" name, and the use of "DRA" on the tokens is to circumvent legal action against him.

Collectors would be alerted to the fact that these very small initials (DRA) could be easily removed from these tokens, and they could be passed off to the unsuspecting in a dimly lighted bourse.

BUYERS - BEWARE!!! LEW L. EGNIEW

(Editor's Note: Thanks Lew - - we need to be reminded about such fakes once in a while lest we be caught unaware. I had forgotten about the "DRA" tokens. There are a number different ones and once I owned several of them but buried them to keep them from getting into any collectors hands. )

## \*\*\*\*\* AND I THOUGHT ALL MAN HOLE COVER COLLECTORS WERE HONEST?

The following came to me from Don Stewart. The following article from THE STAR, July 25, 1984, Victoria, B.C., Canada:

Rolling Manhole Covers - An intoxicated man was seen rolling manhole covers down the 700 Block Esquimalt Rd. late Friday night, July 20th. When Esquimalt police approached the man, he was very obnoxious and unco-operative, so he was taken to the Victoria lockup where he spent the night sleeping off his impairment.

Don says: It has come to my attention that a grave injustice may have been done to a fellow collector of manhole covers. You will note from the enclosed clipping that it is alleged that a collector who was seen rolling manhole covers down the street was drunk at the time.

Obviously this is a libelous statement, unless it happens that the collector used a feigned state of intoxication as a quick-thinking means of keeping silent about his collection. We all know the need for secrecy for security purposes and who would have more contact with thieves than a policeman? In any event, you may take what action you believe is justified. Esquimalt is a small municipality adjacent to the city of Victoria.

Don Stewart.

(Editor's Note: Frankly I think we should find out the collector's name and turn this over to the Ethics Committee. )

# The Capitol Saloon-Cheyenne, Wyo. by Lee Bowker

Harry Hynds was born in 1860 in Moline, Illinois. When a young man of 18, he went to Idaho, then Colorado and in 1882 he came to Cheyenne where he worked as a blacksmith. In Cheyenne, during the mid-1880's he opened the "Capitol Saloon", and owned it up until 1913 when he sold out. The saloon was located at 1608 Ferguson St. The name of that street has since changed to Carey Ave. At the time of its erection it was one of the few 3 story buildings in Cheyenne. The establishment was the finest and best conducted of its kind, not only in Cheyenne but in the early west. It had Cheyennes' first outside electric sign, which was twenty feet high and had 1,000 electric globes.

In the rear of the saloon, he had a boxing ring set up with a big sign over it which read, "Knock out all comers in 4 rounds or give 'em \$100.00." Hynds had been a professional boxer for a brief period, fighting two professional fights in Rawlins, Wyo.

It has recently been brought to light that he killed a man in Salt Lake City during the late 1880's. The victim was Walter Dinwoodey who Hynds caught in Mrs. Hynds bedroom. Dinwoodey was there with Mrs. Hynds permission so she shortly became the ex-Mrs. Hynds. He made a fortune in oil investments and when he died in 1933 in San Antonio, Texas of pneumonia, his estate was valued at over one million dollars. His funeral was attended by several political and military men of prominence. As for the building that housed the capitol saloon, it is only a memory. There is now a parking lot at that location. But that memory is made a little clearer by this pictorial token.

## THE H. P. HYNDS BUILDING

One of the most striking structures in the business quarter of Cheyenne is the H. P. Hynds Building, which presents its beautiful face from the west side of Ferguson, between Sixteenth and Seventeenth streets. It has some inclination to massiveness in its blocks of native red sandstone carved three stories above the pavement. The exterior is attractive, and inside the finish is rich and the furnishings are simply gorgeous. This building contains H. P. Hynds' Club rooms and saloon, one of the sights of the city. The proprietor landed in Cheyenne not many years ago without a dollar, and is now pretty well fixed. He is a shrewd business man, enjoys great personal popularity, and is known all over the country as the premier sporting man of Wyoming, and as a gentleman scrupulously fair and honest in all dealings.

# PIONEER MERCHANT - DANTE, SOUTH DAKOTA

Submitted by: Clem Zambon

Frank J. Barta, Born April, 1887 near Utica, South Dakota, in Yankton County. His parents homesteaded in that area after immigrating from Bohemia. He was the oldest of eight children and spoke only Bohemian until attending a rural school at Yankton. From there he studied at Lisle University near Chicago, a seminary for Bohemian speaking priests.

He returned to the Yankton area where he opened a meat market in Utica, S.D. He married Mary Horak, daughter of Frank and Barbara Horack, also Bohemian immigrants.

After marriage he worked for Barkleys Grocery Store in Wagner, S.D. and then moved to Omaha, Nebraska where he worked in a Brewery.

Again, returning to South Dakota, he opened a confectionery and Ice Cream Parlor which he later converted to a General Merchandise Store. This burned to the ground in 1920. He then formed a partnership known as Barta & Trantina Store. A year after opening he bought out his partner and renamed the store, The Square Deal Store. After years in the grocery and general store business he bought a Billiard Parlor. When liquor was again legalized in South Dakota he obtained the first liquore license in Dante.

Again, he entered the grocery business in 1935 and moved that store into the then defunct Security State Bank Building where it is still operated under the name of Blaha's Grocery.

During the 1920s and 30s Dante was part of the Yankton Sioux Indian Reservation and Mr. Barta had many friends among the Indians. He learned to speak the Indian language of the area and was fluent in the language.

Mr. Barta passed away in 1938.

WELL, I'M IN REAL TROUBLE NOW. BINKY CALLED ME TO INFORM ME THAT I HAD FORGOTTEN TO MAIL HIM A RESERVATION CARD. NOW HOW COULD I HAVE FORGOTTEN TO DO THAT?

I ASSURED HIM THAT I'D GET A CARD MAILED RIGHT OUT TO HIM. HE SAID THAT HE WOULD BE THERE AND HE HAD A FEW WORDS TO SAY.

OH, WHAT THE HECK.

# A Tune for a Token

GOOD FOR A TUNE TOKENS WANTED - - - - -

I AM AN AVID COLLECTOR OF NICKEL-SIZE, PRE 1920 TOKENS FROM ANYWHERE IN THE UNITED STATES, MARKED OR UNMARKED AS TO LOCATION WITH INSCRIPTIONS RELATING TO PIANOS OR MUSIC, SUCH AS "GOOD FOR A TUNE" FOR THE PIANO OR SOMETHING SIMILAR. I DESCRIBED MANY VARIETIES IN MY

"A TUNE FOR A TOKEN" MONOGRAPH PUBLISHED SIX YEARS AGO. I CAN PARTICULARLY USE ANY ITEMS NOT DESCRIBED IN THIS REFERENCE (MANY VARIETIES HAVE COME TO LIGHT SINCE THEN).

SEND WHAT YOU CAN TOGETHER WITH THE PRICE DESIRED!!!!

NEW HAMPSHIRE

## ALSO WANT FOR MY COLLECTION:

I DESIRE TO PURCHASE ANY AND ALL PRE-1920 TOKENS RELATING TO NEW HAMPSHIRE. I AM ALSO INTERESTED IN MEDALS OF NEW HAMPSHIRE, OBSOLETE PAPER MONEY FROM THE STATE AND OTHER NUMISMATIC MATERIAL. MY COLLECTION OF THESE IS JUST GETTING A GOOD START SO I CAN USE ALMOST ANYTHING. UNFORTUNATELY, I HAVE NOT PURCHASED A TRADING STOCK OF TOKENS SO I WOULD PREFER TO BUY WHAT YOU HAVE TO OFFER ME.

ANOTHER OF MY COLLECTING INTERESTS ARE 1793-1857 LARGE CENT COUNTERSTAMPED WITH FULL NAMES, POLITICAL SLOGANS, OR ADDRESSES (BUT NOT STRAY MARKS, NUMBERS OR INITIALS).

THANKS FOR YOUR HELP WITH MY COLLECTION. I LOOK FORWARD TO YOUR LETTERS AND OFFERS.

# TOKENS, MIRRORS, ETC.

I am a serious collector in the following categories and I am willing and able to pay TOP MARKET PRICES for these tokens. My primary interest is in building a fine collection and I've been buying alot of nice pieces ... so I must be doing something right. Please write or call me if you have something that you think might interest me. I also have a substantial trading stock ... but of course I prefer to purchase outright.

**TERRITORIAL TOKENS** - Good fors from Wyoming Terr (W.T.), Dakota Terr (D.T.), Arizona Terr (A.T.), Montana Terr (M.T.), Washington Terr (W.T.), and some Okla and Indian Terr (O.T. and I.T.) tokens. Paying \$500 and up for most D.T., M.T., and W.T. tokens (except Carter, Camp Brown, FJD, Ward, Wanless and McCormick).

**TEXAS PICTORIAL TOKENS** - Will pay TOP DOLLAR for brass or white metal Heidemann-struck pictorials depicting ELEPHANTS, steers, horses, lady's leg, buildings, etc. Paying \$200 and up for Texas pictorials (white metal) depicting ELEPHANTS.

**POST TRADERS and WESTERN STATES' MILITARY** - any old good-for saying "Trader" or "Post Trader". Also, old military tokens from Colorado on West.

**ALASKA TOKENS** - cataloguing \$50 and up in Benice. Will pay \$3,500 for the first McCarthy Alaska gold nugget token offered to me (cats \$500). Paying \$3,000 for the first Willis & Welch Chatanika Alaska shellcard offered to me (cats \$750).

**NEVADA TOKENS** - nice old brass, aluminum or nickel good-fors. No modern gaming tokens. There are some towns worth several hundred dollars to me and quite a few worth \$50 to \$100++ to me. Many are 'dug' so don't worry about condition... I want 'em.

**NEW MEXICO TOKENS** - nice old good-fors. Any and all except the most common. There are many N.M. towns worth \$100++ to me.

**WESTERN STATES' GOOD-FOR MIRRORS** - with pictures of the proprietor, fancy women or children on them. Paying \$125 and MUCH MORE, depending upon the state and the mirror ... Colorado on West.

**SALOONS and INTERESTING OLD MAVERICKS** - Paying top dollar for attributed or maverick saloons and ornate or pictorial mavericks depicting steers, cows, burros, ELEPHANTS, horses, etc. on them.

are rare, but the "Smith" one  
is really rare. Ask around  
and maybe you'll get lucky  
and find one. Also look for  
church documents or anything  
that has to do with the

# ATCO II - HOW DID IT GO?

By Alan V. Weinberg

Well, the second annual ATCO meet in Denver is over. And by all standards and from all interviews I've made, it's been an overwhelming success!

Attendance was up over 25% from last year. The bourse floor was crowded. Again, members marvelled at meeting face to face what had heretofore been a familiar voice on the phone or a friendly signature on letters.

There was Mr. & Mrs. Chuck Littlefield (with a fantastic array of Missouri rarities for sale), Mr. & Mrs. Clay Welty (the genius behind the show's success), Ralph and Virginia King, Mr. & Mrs. Jim Wright, the perennial Charles Carter (one of our senior members and as active a collector as any); Texas enthusiasts John Byars, Travis Roberts and Dick Worthington; Californians Larry Elman, John Hamilton, Steve Tureen, Jere Runciman, John Heleva, Mr. & Mrs. Ron Lerch, Mr. & Mrs. Bill Williges, Bob Svoboda and your author; Idahoans Jim Mabry, Ron Haverman, John Gold, Kendall Ballard, Hollis Pincock; Utah collectors Dave Freed, Irv Ratcliffe, Bob Campbell and Mr. & Mrs. Glen Higley; Nebraskans Mr. & Mrs. Garry Young and Bob Cruise; Oklahomans J. L. Hargett, Mr. & Mrs. Bill Zarling; Coloradoans Merlin Bondhus, Ron Hemmen, George Van Trump, Mr. & Mrs. Don Kay, Dan Mayo, Sam & Karen Morrison, Syd Joseph, Bob Spencer, Doris Wietrick, Ron Downing and so many others to name; Illinois residents Mr. & Mrs. Phil Klabe and George Wolters; Wyomans Lee Bowker, Leon Corpuz, Ron Haarroun and members as far away as Alaskan Al Love, New York's Joe Elrod, Washington's Mike O'Hara, Missouri's Ray Mortimeyer, Kansas' J. M. Baum and of course, our editor, Bill Clapper and many, many others.

The show was decidedly "upbeat" spelling continual good health and growth for the token field. There was an abundance of good tokens - many actually for sale - and those collectors with money and knowledge did well... I guess a prerequisite for success in any field.

Travis Roberts acquired a Pearsall, Tex. Heidemann pictorial (groan!); Steve Tureen a Highmore, S.D. Good-for mirror; Ron Lerch a Dolly Ogden S.F. whorehouse token (having eluded him for years); I acquired a German Silver Cripple Creek Frog pictorial.

An ATCO board meeting occurred - subjects included member discipline and consideration of alternative ATCO meeting sites. Dallas/Ft. Worth and Atlanta were mentioned along with Minneapolis and St. Louis. A major airport with available discount flights from most points and a good area concentration of collectors were considered important. Picking a new location for the meeting to attract collectors from the southeast and east would necessitate a new bourse chairman and it would be difficult to replace Clay Welty.

Again, hotel rates and bourse facilities were excellent! This author had a splendid time of trading, buying and selling...but most enjoyable was the socializing. The laughs, the backslapping, the companionship. Isn't that the real basis for any succesful hobby?

See Ya' next year. I CAN'T WAIT!!!!

Alan V. Weinberg

## LETTERS TO THE EDITOR:

Dear Bill: While visiting in Alexandria, Minnesota over labor day (and my home town) I went to a flea market at Battle Lake, Minnesota. While asking for a dealer about tokens the fellow next to me asked me where I was from and who I was. It turned out to be LeRoy Good with whom I have traded and corresponded with for years but never met. A very pleasant experience. We traded some tokens. A small world, isn't it.

Regards, J. Blake Godfrey

Dear Bill: I would like to relate an experience that maybe some of the other advertisers have had. In my last ad, I advertised for Territorial tokens, but no Dakota Territory wanted. So, what came in the mail? A nice Arizona Territorial and some Dakota Territory tokens. Readers should read the ads!!!! I generally get good results from my ads in ATCO and recommend that others advertise in ATCO. If readers do not read the ads properly it costs both the advertiser and the reader time and money. Hope that this letter will cause readers to read the ads thoroughly!!!

Sincerely, Bob Temarantz

## TERRITORIAL TOKEN CATALOG PLANNED

Territorial tokens are considered by many collectors to be the most desirable of all trade tokens. And, while not everyone shares this view, the prices some territorials have fetched in recent sales certainly is an indicator of the high regard with which they are held.

But how many varieties of territorial tokens exist, and from what territories? And, just how rare are these tokens. With the cooperation of ATCO members, these questions and others can be addressed.

I have decided to compile data for an eventual catalog of all known territorial trade tokens. This work will include "good for" tokens as well as advertising tokens which served as a medium of exchange. To qualify for inclusion a token must have, as part of its inscription, an indication that it is from a territory (D.T., I.T., Wyo. Terr., etc.). This is not to say that I do not recognize tokens which were issued during a territorial period, but do not indicate this, as territorials. I have decided that, for purposes of this catalog, only those tokens which have an indication of their territorial status on them will be included.

The catalog will include exact obverse and reverse descriptions of each token, plus the size in millimeters, shape, and metal. Known historical information will be included also, as well as a rarity/price guide.

This work will be successful only if YOU help. Please send descriptions of those tokens in your collection, as well as any suggestion you have for the book. Naturally ownership of specific tokens will be held in strict confidence.

Correspondence should be sent to David E. Schenkman, P.O. Box 366, Bryantown, MD 20617.

## UNITED STATES CENTENNIAL TRADE TOKEN SECTION

THERE IS A GROWING INTEREST IN THE FIFTY CENT COMMEMORATIVES OF THE UNITED STATES, SO ATCO IS ADDING A SECTION FOR THOSE COLLECTORS WHO ARE INTERESTED IN COLLECTING THEM AND HAVE THEIR OWN SECTION FOR TRADING OR SELLING THEM.

COLLECTORS OF THESE CENTENNIAL TRADE TOKENS WILL BE ALLOWED 40 WORDS AND THE SECTION WILL BE CALLED "THE CENTENNIAL TRADERS PAGE" AND ONLY ADS REFERRING TO THESE TOKENS WILL BE ALLOWED ON THIS PAGE. NO COMBINED ADS WILL BE ALLOWED THAT OFFER OTHER TOKENS FOR TRADE OR SALE.

### FOREIGN TOKENS ANYONE?

I've noted an increasing interest in foreign tokens from the letters that I get from time to time. One of interest is from Bob Lubetkin of Des Moines, Iowa. He states: "You might be interest in knowing that my foreign token collection is growing faster than my Iowa collection. Maybe less competition? Maybe the decline in the value of foreign currency? There seems to be a great deal of material now on the market. I point this out because for some reason ATCO rarely has foreign tokens in the lists...my two attempts at foreign auctions were not very successful either... just sort of interesting..."

Best Regards, Bob.

(Editor's Note: Most all of us have picked up a foreign token or two and a greater interest might be promoted by some of you offering these foreign tokens in the "Traders Page" or in a paid ad. We all gain by offering some of the odd tokens that we have, either for sale or trade. -- nothing offered -- nothing gained, right?)

### NEW BOOK -- -- BONNIE BLINK CORN HUSKING TOKENS -- -- NOW AVAILABLE

### NOTEWORTHY NOTES: AT THE BIG DENVER MEET -- -- WHAT A LOAD OF FUN!!!!

ALLEN NYE CHALLENGED BINKY TO A BELLY-BUMPING CONTEST. BINKY TOOK ONE LOOK AND IT TOOK ME AN HOUR TO FIND HIM. HIS ONLY COMMENT WAS "DO YOU THINK I'M CRAZY, I DON'T WANT TO GET SQUASHED!"

VIRGINIA KING WAS HUNTING BINKY SO SHE COULD TELL HIM THAT HE HAD A BAD ATTITUDE TOWARD WOMEN AND SHE WANTED TO STRAIGHTEN HIM OUT. I told Binky she was hunting him and he went for coffee. He said, "Well, they are even driving trucks and digging ditches now. Pretty soon they'll be trying to run the country." I don't know whether Virginia found Binky or not.

Anyway, I'm dead tired. I had a ball and can't wait for next year!!! Your editor.

LET'S SEE IF WE CAN GET SOME MORE YOUNGER, INTERESTED PEOPLE SIGNED UP!!!

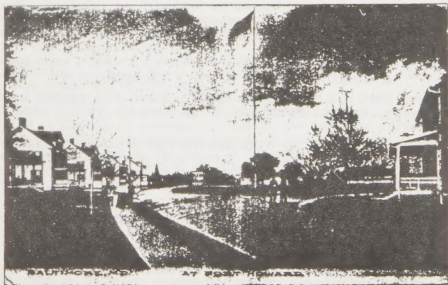

# FORT HOWARD

By Russ & Jane Sears

Fort Howard is located 17 miles southeast of Baltimore City at the end of Old North Point Road in Baltimore County. It is on land known as North Point at the mouth of the Patapsco River on the Chesapeake Bay.

North Point was named by and for Captain Robert North who sailed his ship "Content" from the area in the late 1790's. At that time many ships including a ferry from the Eastern Shore of Maryland docked there. The road from North Point to Baltimore was a popular route, so popular that it even had a stage line.

It was at North Point on Monday, September 12, 1814, where 6000-7000 British troops landed under the command of General Sir Robert Ross. Ross came to North Point just after he was responsible for the invasion and burning of Washington D. C. After advancing just a few miles, General Ross was shot by Baltimoreans Dan Wells and Henry McComas. Ross died of the wounds shortly after being shot. The loss of their leader and the determined efforts of the Baltimore defenders repelled the land attack on Baltimore. A naval attack was thwarted by the Baltimore defenders at Fort McHenry. During that action, Francis Scott Key wrote our National Anthem.

Fort Howard was established in 1899. Named after the the Revolutionary War hero John Eager Howard, it began as 148 1/2 acres and grew to 393 acres by 1900. As part of the Coast Artillery, six reinforced concrete batteries were built in 1902. The batteries were manned by the 21st, 40th, 103rd, and 140th companies consisting of about 400 men.

Activity at Fort Howard increased and the personnel was doubled in 1917 as the fort was put on wartime status. During World War I, General Douglas McArthur was stationed at the fort. In 1922, Fort Howard became the Headquarters of the Coast Defenses of Baltimore.

The Secretary of War was authorized to dispose of the Fort Howard Military Reservation in 1926, but a sale to the City of Baltimore could not be consummated.

In August 1940, the Veterans Administration acquired title to Fort Howard from the Army and constructed a modern five-story hospital. As a part of their plan to update the fort and transfer hospital work from Fort McHenry, about 80 old buildings were torn down in 1940. Since then, the Fort Howard VA Hospital has cared for the medical needs of the nations' veterans.

## SOME OBSERVATIONS RELATIVE TO SALOON TOKENS

By

F.A. "Fritz" Rohrman

It was inevitable that token collectors would often tend to collect specialties such as bakeries, dairies, military and saloon items. The following remarks are addressed to saloons.

The first tokens mentioning "saloons" appeared in the early 1840's. The term saloon was presumed to be a misspelling of salon which referred generally to a hall, room or meeting place. The bar, tavern or where some form of liquor could be obtained can be traced to ancient times. The lonesome, the thirsty and the gregarious did manage to attract a crowd, which in turn was often stimulated by some form of alcoholic beverage.

As the West opened to the fortune hunters, adventurers, drifters and others, the saloon was a natural environment for their comradeship, dissemination of news, gossip and rumors. It was not unusual for the number of saloons to exceed all other establishments combined. At one time Cripple Creek, Colorado held over 150 saloons as well as other places where liquor was dispensed.

While it is not known how many saloons in one place or another issued tokens, one can say that probably less than one out of ten did. Of course, where only saloon existed it might have issued a token. It is safe to say that the total number of saloons existing at one time, excluding the period of prohibition from 1919 to 1933, numbered in the many thousands. States like Texas and California supported hundreds of saloons in the early part of this century. As an example to cite the "R.L. Polk Directory of Saloons in Oregon, Washington and Alaska" in the cited period of 1901-1902, these states were listed with over 1800 saloons. If only 180 of these issued tokens many would have been in collectors hands, however; such numbers have not been reported.

The distribution and availability of saloon tokens present some interesting facts. It can be said that these tokens are readily obtainable from the Pacific Coast states excluding Alaska. The prices of these items range from a few dollars each on up depending on whims of the collector. The saloon tokens from Alaska and Hawaii while generally available are high in price. There have been many listings of these tokens from the Rocky Mountain states and those from the southwest. Texas has always had a market for these items but at rather high prices.

The Mid-Western states present some interesting statistics relative to the rarity of these tokens. Most of these states are sources of reasonable numbers and prices on their tokens, however; Kansas and North Dakota represent special situations of rarity. I am not aware of any saloon token being reported from Kansas; one or more "saloon-keeper" are known from here. One would think that Kansas City, Wichita, or Dodge City might have supported many saloons considering the history of cattle drives and thirsty cow-hands. Any one who has watched "Gunsmoke" with its "Long Branch" saloon just had to know that Kansas was a drinking mans state! But no, Kansas was a dry state controlled by religious zealots who detested the mention of saloon. One need only mention the name of Carrie Nation as one who supported the drive against "demon rum". In a similar way

North Dakota denounced liquor and the saloon and only one territorial saloon token is known plus a modern one rarely seen.

In general, the Southern states have but few saloon tokens for sale. Louisiana has probably the most followed by Virginia and Alabama. Those from the Carolinas and Georgia are hard to find. The border states of Tennessee, Arkansas, West Virginia and Maryland offer the collector items occasionally. Florida is the source of one or two at times.

The New England states offer a wide divergence in the availability of these tokens; the main reason is probably the preference of the tavern and bar for the saloon. I have never known of any saloon token coming from Vermont or New Hampshire, in fact, any kind of token from Vermont is scarce. Strangely the smallest state, Rhode Island, is known to have several saloon tokens. Fewer numbers issue from Maine, Connecticut and Massachusetts. To go down the coast one can say that the saloon tokens are quite common in New York but scarce in Delaware and New Jersey.

Any scarce token today may become common tomorrow. A few years ago a beautiful, brass token stamped "The Club Saloon W.H. Slee, Prop." appeared from Walden, Colorado. It was an immediate success and sold for forty dollars and more; then a horde of these tokens was found and dumped on the market causing the price to drop to a few dollars. These were soon assimilated and are now scarce to those wanting them. In general, a scarce token today will become scarcer with time. There are a number of scarce tokens being tightly held by one or two holders which will always be scarce as they are held from the market. It is not always known which tokens they are or held by whom.

Some of the scarcest saloon tokens are the territorial items; thus Oklahoma and Indian territory stamped I.T. or O.T. are quite scarce. Those from Arizona, New Mexico, Montana, Dakota and Washington are other examples. Another series of scarce saloon tokens are those stamped by the Brunswick organizations. Here are rubbings of The E. Brunswick, The J.M. Brunswick and Balke and The Brunswick Balke Candler companies:

The first two are made of brass and the third is of nickel. Again, the first one is presumed to be from Arizona and the next two are mavericks which are as yet unattributed.

It may be of interest to the reader what I consider the ten most common saloon tokens on the market today:

1. John Schuh New York, N.Y.
2. Mount Hood The Dalles, Oregon
3. Little Casino Hot Springs, Arkansas
4. Montana Miles City or Anaconda, Montana
5. Golden Gate Sacramento, California
6. Hard Luck Charley's State Line, Idaho
7. Mint Maverick
8. Owl " "
9. Corner " "
10. Star " "

It would be presumptuous to make a listing of the rarest tokens. There are too many variables establishing rarity such as how many of the tokens were originally issued, how many are still extant, are numbers of a particular token hoarded, is the token popular or desired, how old is it, etc. Listings of tokens from various states such as Birks Arizona and Hoses Nebraska help to establish some degree of rarity. Regardless of all factors contributing to rarity, the market place establishes the price and value of a token at the moment.

Finally, it is always a thrill to research and finally attribute a maverick token. That is great fun! Saloons with the names: Jack Rabbit, Blacksmith, Picture Gallery, Frigid Zone, Happy Hollow, Original German, White Elephant and Yellow Dog might be recognized by some, however; up to this time they remain elusive mavericks.

It is hoped that these few remarks will be of interest to those who collect saloon tokens.

Numismatic News convinces the GSA to properly grade Carson City dollars sold from the government's hoard (scratched, nicked, and tarnished specimens were to be sold as uncirculated!)

### ITEM:

Numismatic News helps reverse the Treasury's decision to omit silver from the Ike dollar (we now enjoy 40% silver Ikes!)

### ITEM:

# A Tune for a Token

GOOD FOR A TUNE TOKENS WANTED - - - - -

I AM AN AVID COLLECTOR OF NICKEL-SIZE, PRE 1920 TOKENS FROM ANYWHERE IN THE UNITED STATES, MARKED OR UNMARKED AS TO LOCATION WITH INSCRIPTIONS RELATING TO PIANOS OR MUSIC, SUCH AS "GOOD FOR A TUNE" FOR THE PIANO OR SOMETHING SIMILAR. I DESCRIBED MANY VARIETIES IN MY "A TUNE FOR A TOKEN" MONOGRAPH PUBLISHED SIX YEARS AGO. I CAN PARTICULARLY USE ANY ITEMS NOT DESCRIBED IN THIS REFERENCE (MANY VARIETIES HAVE COME TO LIGHT SINCE THEN).

SEND WHAT YOU CAN TOGETHER WITH THE PRICE DESIRED!!!!

NEW HAMPSHIRE

## ALSO WANT FOR MY COLLECTION:

I DESIRE TO PURCHASE ANY AND ALL PRE-1920 TOKENS RELATING TO NEW HAMPSHIRE. I AM ALSO INTERESTED IN MEDALS OF NEW HAMPSHIRE, OBSOLETE PAPER MONEY FROM THE STATE AND OTHER NUMISMATIC MATERIAL. MY COLLECTION OF THESE IS JUST GETTING A GOOD START SO I CAN USE ALMOST ANYTHING. UNFORTUNATELY, I HAVE NOT PURCHASED A TRADING STOCK OF TOKENS SO I WOULD PREFER TO BUY WHAT YOU HAVE TO OFFER ME.

ANOTHER OF MY COLLECTING INTERESTS ARE 1793-1857 LARGE CENT COUNTERSTAMPED WITH FULL NAMES, POLITICAL SLOGANS, OR ADDRESSES (BUT NOT STRAY MARKS, NUMBERS OR INITIALS).

THANKS FOR YOUR HELP WITH MY COLLECTION. I LOOK FORWARD TO YOUR LETTERS AND OFFERS.

# TOKENS, MIRRORS, ETC.

I am a serious collector in the following categories and I am willing and able to pay TOP MARKET PRICES for these tokens. My primary interest is in building a fine collection and I've been buying alot of nice pieces ... so I must be doing something right. Please write or call me if you have something that you think might interest me. I also have a substantial trading stock ... but of course I prefer to purchase outright.

**TERRITORIAL TOKENS** - Good fors from Wyoming Terr (W.T.), Dakota Terr (D.T.), Arizona Terr (A.T.), Montana Terr (M.T.), Washington Terr (W.T.), and some Okla and Indian Terr (O.T. and I.T.) tokens. Paying \$500 and up for most D.T., M.T., and W.T. tokens (except Carter, Camp Brown, FJD, Ward, Wanless and McCormick).

**TEXAS PICTORIAL TOKENS** - Will pay TOP DOLLAR for brass or white metal Heidemann-struck pictorials depicting ELEPHANTS, steers, horses, lady's leg, buildings, etc. Paying \$200 and up for Texas pictorials (white metal) depicting ELEPHANTS.

**POST TRADERS and WESTERN STATES' MILITARY** - any old good-for saying "Trader" or "Post Trader". Also, old military tokens from Colorado on West.

**ALASKA TOKENS** - cataloguing \$50 and up in Benice. Will pay \$3,500 for the first McCarthy Alaska gold nugget token offered to me (cats \$500). Paying \$3,000 for the first Willis & Welch Chatanika Alaska shellcard offered to me (cats \$750).

**NEVADA TOKENS** - nice old brass, aluminum or nickel good-fors. No modern gaming tokens. There are some towns worth several hundred dollars to me and quite a few worth \$50 to \$100++ to me. Many are 'dug' so don't worry about condition... I want 'em.

**NEW MEXICO TOKENS** - nice old good-fors. Any and all except the most common. There are many N.M. towns worth \$100++ to me.

**WESTERN STATES' GOOD-FOR MIRRORS** - with pictures of the proprietor, fancy women or children on them. Paying \$125 and MUCH MORE, depending upon the state and the mirror ... Colorado on West.

**SALOONS and INTERESTING OLD MAVERICKS** - Paying top dollar for attributed or maverick saloons and ornate or pictorial mavericks depicting steers, cows, burros, ELEPHANTS, horses, etc. on them.

LETTERS TO THE EDITOR:

Dear Bill, Had a talk with Travis Roberts on the phone. He passed a suggestion on to me pertaining to the idea of a lumber token collection group. The suggestion being to set a cut off date to those interested in my idea. After that date I will compile a list of those collectors and send each one a list of the members.

The cut-off date will be the last day of 1984. All those who are on the list will be sent the list, provided that they send an SASE.

Please list their name, address, phone number (optional) and state their lumber collecting interests. THANKS!

JOE COPELAND, P.O. BOX 221, OAK RIDGE, TENNESSEE 37831

Dear Bill: What an outstanding show...AGAIN...It was great to meet with the elite of the token fraternity...There were more collectors from Utah and Idaho, which was good; and of course all those "experts", whose names we have all grown to know and respect thru the years. It is always thrilling to see the outstanding material that those high powered dealers from California have...They add a lot to the show...How I wish that more of the collectors would get the bug and want to join us, and share.

We should give the greatest thanks to Clay Welty and to our board of directors, and not with standing our editor for all that they do to make it all work. THANKS CLAY!!!!, hope your health improves and you get back to fighting weight. Please cast my vote for DENVER, EASY TO GET TO, REASONABLE RATES AND FRIENDLY STAFF. I am told that there are good airline connections, and some reasonable fares from most places...

THANKS FOR ALL THAT YOU ALL DO TO MAKE ATCO WHAT IT IS TO ALL OF US .....

JOHN H. GOLD, IM #22

(Editor's Note: Thanks to you for your kind words)

Bill: What happened to Binky? There I was all ready for a belly-bumping contest and Binky did not show up. If Binky ever comes thru Colorado Springs, the challenge still stands. I promise I won't squash him. Maybe bend him a little out of shape, but not squash. I now close this note as the belly-bumping champ of Colorado.

Allen E. Nye

(Editor's note: With that threat I don't Binky will ever come thru Colorado Springs)

YOUR EDITOR'S COMMENTS:

THIS WAS A ROUGH ISSUE. MOST OF THE ADS CAME IN ON THE LAST DAY AND THEY MADE IT ONLY THAT WE HELD UP GOING TO THE PRINTERS MONDAY, I HAD TO PULL A COUPLE GOOD ARTICLES AND HOLD THEM UNTIL NEXT ISSUE.

WE ARE NOW DRAWING DOWN TO THE END OF THE YEAR AND OUR FUNDS ARE GETTING LOW. NO, WE ARE NOT HAVING FINANCIAL PROBLEMS THAT WOULD CAUSE INCREASES IN PAID ADS OR MEMBERSHIP DUES YET, THAT COULD BE CAUSED BY POSTAGE INCREASES OR FURTHER COSTS IN PRINTING ATCO BUT I DON'T FORSEE IT AT THIS TIME. IT IS JUST THAT AS WE DRAW TO THE CLOSE OF THE YEAR I GET WORRIED ABOUT MAKING IT UNTIL THE JANUARY ISSUE WHEN EIGHTY PERCENT OF OUR RENEWALS ARE DUE. I HAVE ENOUGH TO WORRY ABOUT WITHOUT WORRYING ABOUT MONEY PROBLEMS.

I HAD ASKED THAT YOU SUPPORT THE ATCO MAIL BID SALE BY SENDING A GOOD TOKEN OR TWO TO RON HABBERMAN, BUT YOU DID NOT DO SO. RON HAD TO GO BEGGING TOKENS AT THE ATCO MEET AND WE HAVE A MAIL BID IN THIS ISSUE BECAUSE OF HIS EFFORTS.

SOME OF YOU COULD HELP IN THAT AREA AND SOME OF YOU COULD SEND IN EARLY RENEWALS. BEING THAT ABOUT EIGHTY PERCENT OF OUR RENEWALS WILL BE DUE IN JANUARY AND FEBRUARY EARLY RENEWAL WOULD TAKE THE SWEAT OUT OF MY WORK. WE HAVE ABOUT A TWELVE HUNDRED RESERVE AT THIS TIME, BUT THAT WILL SOON GO WITH THE NEXT COUPLE OF ISSUE. I COULD SAY MORE, BUT NO ROOM.

Fellow collectors this is the second ATCO mail bid. The first was not successful in that I did not receive 1 mail bid. The tokens listed here were donated by the dealers and some collectors at the Denver show. I would like to thank all of you for your donations. As of this time I have only received donations from about 15 collectors. I am looking forward to hearing from the rest of the ATCO members. Please donate a few better tokens and lets get this going. Send your bids and tokens to Ron Haberman, 4311 Pasadena Dr., Boise, ID 83705

## WE BUY ARIZONA TOKENS

1982 "Arizona Tokens Revised" ....\$11.00 postpaid,has 3,000 tokens scrip,tickets,bars,mirrors,and medals listed with brief descriptions,rarity ratings,and dates.Contains a maverick index.

Collectors in Arizona are constantly contributing new discoveries with over 400 items for the next edition.Also research into old directories has helped in adding new meanings to listed tokens and correctly attributing most Arizona mavericks.Those of you who already have the checklist should delete "W.S.Connell,Revere House,Prescott" as it is not Arizona. Add "A.B.Munoz(Don Luis)" to the Maverick Index as it was accidently deleted.

Tucson,Arizona will have its 21st annual coin show January 4-6,1985 in the Tucson Community Center with 150 dealers and a major numismatic auction.Many dealers have tokens at the show and last show quite a few ATCO members visited the bourse tables.

Since the Arizona tokens are unpriced in the 1982 checklist and the market is constantly changing those collectors who have an Arizona token and want to know the current estimate before they sell or trade it just write or call.Store hours 8:30 to 5:30 Monday through Saturday,Tucson time.

If any ATCO members have any tokens from the state of Sonora, Mexico and would like to send rubbings for inclusion in a checklist I am working on I would be happy to hear from you.Principal towns are Hermosillo,Guaymas,Alamos,Rogales,Cananea,and lesser known mining camps and haciendas.We have a directory of 1905 and one of 1920 to help attribute these pieces.

# Constant Contact

It's easy reaching the big guys for news and comment. But how does Numismatic News reach the grass roots collector?

By moving about, from coin show to coin show.

Shows from L.A. to New York, Wisconsin to Texas. Some large and some small. We work. We socialize. We listen.

We reach out and keep in contact with collectors across the country.

# TOKENS, MIRRORS, ETC.

I am a serious collector in the following categories and I am willing and able to pay TOP MARKET PRICES for these tokens. My primary interest is in building a fine collection and I've been buying alot of nice pieces ... so I must be doing something right. Please write or call me if you have something that you think might interest me. I also have a substantial trading stock ... but of course I prefer to purchase outright.

**TERRITORIAL TOKENS** - Good fors from Wyoming Terr (W.T.), Dakota Terr (D.T.), Arizona Terr (A.T.), Montana Terr (M.T.), Washington Terr (W.T.), and some Okla and Indian Terr (O.T. and I.T.) tokens. Paying \$500 and up for most D.T., M.T., and W.T. tokens (except Carter, Camp Brown, FJD, Ward, Wanless and McCormick).

**TEXAS PICTORIAL TOKENS** - Will pay TOP DOLLAR for brass or white metal Heidemann-struck pictorials depicting ELEPHANTS, steers, horses, lady's leg, buildings, etc. Paying \$200 and up for Texas pictorials (white metal) depicting ELEPHANTS.

**POST TRADERS and WESTERN STATES' MILITARY** - any old good-for saying "Trader" or "Post Trader". Also, old military tokens from Colorado on West.

**ALASKA TOKENS** - cataloguing \$50 and up in Benice. Will pay \$3,500 for the first McCarthy Alaska gold nugget token offered to me (cats \$500). Paying \$3,000 for the first Willis & Welch Chatanika Alaska shellcard offered to me (cats \$750).

**NEVADA TOKENS** - nice old brass, aluminum or nickel good-fors. No modern gaming tokens. There are some towns worth several hundred dollars to me and quite a few worth \$50 to \$100++ to me. Many are "dug" so don't worry about condition... I want 'em.

**NEW MEXICO TOKENS** - nice old good-fors. Any and all except the most common. There are many N.M. towns worth \$100++ to me.

**WESTERN STATES' GOOD-FOR MIRRORS** - with pictures of the proprietor, fancy women or children on them. Paying \$125 and MUCH MORE, depending upon the state and the mirror ... Colorado on West.

**SALOONS and INTERESTING OLD MAVERICKS** - Paying top dollar for attributed or maverick saloons and ornate or pictorial mavericks depicting steers, cows, burros, ELEPHANTS, horses, etc. on them.

I AM AN AVID COLLECTOR OF NICKEL-SIZE, PRE 1920 TOKENS FROM ANYWHERE IN THE UNITED STATES, MARKED OR UNMARKED AS TO LOCATION WITH INSCRIPTIONS RELATING TO PIANOS OR MUSIC, SUCH AS "GOOD FOR A TUNE" FOR THE PIANO OR SOMETHING SIMILAR. I DESCRIBED MANY VARIETIES IN MY "A TUNE FOR A TOKEN" MONOGRAPH PUBLISHED SIX YEARS AGO. I CAN PARTICULARLY USE ANY ITEMS NOT DESCRIBED IN THIS REFERENCE (MANY VARIETIES HAVE COME TO LIGHT SINCE THEN).

SEND WHAT YOU CAN TOGETHER WITH THE PRICE DESIRED!!!!

## NEW HAMPSHIRE

### ALSO WANT FOR MY COLLECTION:

I DESIRE TO PURCHASE ANY AND ALL PRE-1920 TOKENS RELATING TO NEW HAMPSHIRE. I AM ALSO INTERESTED IN MEDALS OF NEW HAMPSHIRE, OBSOLETE PAPER MONEY FROM THE STATE AND OTHER NUMISMATIC MATERIAL. MY COLLECTION OF THESE IS JUST GETTING A GOOD START SO I CAN USE ALMOST ANYTHING. UNFORTUNATELY, I HAVE NOT PURCHASED A TRADING STOCK OF TOKENS SO I WOULD PREFER TO BUY WHAT YOU HAVE TO OFFER ME.

THE EDITOR'S PAGE:

FOR SOME THREE YEARS NOW EVERYONE HAS BEEN TELLING ME WHAT A GOOD JOB I'VE BEEN DOING WITH ATCO, UNTIL I ASKED A FAVOR. THE FAVOR ASKED FELL ON DEAF EARS (LIFE MEMBERS AND THOSE NAMES BELOW EXCEPTED).

I HAD HOPED NOT TO HAVE TO TAKE A \$1200 CERTIFICATE OF DEPOSIT OUT OF THE BANK UNTIL MAJORITY AND SO I ASKED FOR A FEW OF THE MEMBERS TO RENEW EARLY. ONLY THE FOLLOWING ANSWERED THAT REQUEST FOR WHICH I THANK THEM, HOWEVER IT WAS NOT ENOUGH. TAKING THE CERTIFICATE OUT COST US ABOUT \$109 DOLLARS.

I COULD STILL USE ABOUT 20 OF YOU RENEWING EARLY BUT THIS REQUEST TOO, WILL PROBABLY FALL ON DEAF EARS. YOU TELL ME HOW GREAT I'M DOING WITH ATCO - ACTIONS SPEAK LOUDER THAN WORDS.

I MUST APOLOGIZE TO SOME OF THE MEMBERS FOR SOME OF THE ATCO ISSUES BEING DELAYED LAST ISSUE I DREW SOME DOUBLE DUTY AND ABOUT ONE THIRD OF THE ATCOs SAT FOR FIVE DAYS BEFORE MAILING. MY LIVING COMES FIRST. AND, I HAVE NEVER FAILED TO MEET THE PROMISE I MADE WHEN I BECAME EDITOR OF ATCO AND THAT WAS THAT ALL ISSUES WOULD BE MAILED BY THE FIRST OF THE MONTH. I'VE KEPT THAT PROMISE AND WILL CONTINUE TO DO SO.

ALSO, DURING WHAT OTHER LITTLE SPARE TIME I'VE HAD I COMPLETELY RETYPED THE MAILING LIST SO THAT IT WOULD BE MORE UNIFORM AND USING THE POST OFFICE DESIGNATIONS FOR THE STATES. I HOPE THAT I HAVE NOT MADE TO MANY MISTAKES.

SOME GOOD ARTICLES HAVE BEEN COMING IN THIS MONTH SO THE COMING ISSUES SHOULD BE PRETTY INTERESTING. SOME OF THESE ARE FROM MEMBERS WHO HAVE NOT SENT ARTICLES IN BEFORE -- ALL OF THEM ARE GOOD. IT JUST GOES TO SHOW THAT SOME OF YOU CAN WRITE IF YOU PUT YOUR HEART INTO IT. HOW ABOUT SOME OF YOU OTHERS.

SOME OF YOU SEND IN FREE ADS THAT ARE MURDER TO READ. I HAVE TO TYPE THEM, SO PLEASE MAKE YOUR WRITING OR PRINTING SO THAT IT IS NOT SO DIFFICULT TO TRY AND FIGURE OUT WHAT YOU WANT SAID.

THERE, I GUESS I'VE GOT MY GRIPE OFF MY SHOULDERS AND SAID WHAT I WANTED TO SAY. THERE ARE SOME OF YOU WHO KNOW HOW MUCH TIME I SPEND WITH ATCO - OTHERS JUST TAKE IF FOR GRANTED. I RECEIVE LETTERS FROM MANY OF THE COLLECTORS THAT I USED TO CORRESPOND WITH AND TRADE WITH WHO STATE THAT THEY MISS THE LETTERS AND TRADING. SO DO I, BUT ATCO EATS UP THE TIME I USED TO HAVE TO DO THIS. I LIKE DOING WHAT I'M DOING WITH ATCO OR I WOULD NOT DO IT. AT TIMES IT IS A PAIN IN THE YOU KNOW WHAT, ESPECIALLY WHEN SOMEONE UNTHINKINGLY CALLS OR WRITES AND CHEWS ME OUT FOR SOME LITTLE IDIOTIC THING.

ABOUT IT.

WATCH FOR AN ARTICLE BY DON STEWART WITH REGARD TO A NEW CLUB STARTING -- MAN HOLE COVER COLLECTORS. THE FIRST MEETING OF MAN HOLE COVER COLLECTORS WAS HELD LAST WEEK END WITH SOME 23 BOURSE DEALERS ATTENDING AND OFFERING A WIDE VARIETY OF MAN HOLE COVERS. THEY HAD SOME PROBLEMS WITH VEST POCKET DEALERS SHOWING UP. THE ORGANIZATION IS CALLED MCC AND A MONTHLY BULLETIN WILL BE ISSUED CALL "MCC REPORTS".

YOU WON'T WANT TO MISS JOINING THIS GROUP.

LETTERS TO THE EDITOR:

Dear Bill: An amusing and funny incident - I thought ATCO meant "Active Token Collectors Organization". I sent a fellow collector 2 tokens, which he advertised he wanted on Dec. 22, 1977. I got a reply back 10-24-84 returning my tokens and stating only that he didn't have anything to trade. Our organization is made up of real honest and friendly people, but sometimes forgetful. With all the letters and correspondence we get, its easy - if you don't take care of them timely they get lost in the bottom of the drawer. Huh?  
Ore Vacketta.

(Editor's Note: Whoops, just remembered that I owe some answers to some letters)

Dear Bill: Just a short note to let you know the postal timing of ATCO. I know you're monitoring the information and need input from the membership.

The October issue, 1984, issue was postmarked Sept. 24th and was received here in Victoria October 9, 15 days later. This is the reason I use a month deadline, to ensure enough time in case of correspondence or trade offers. I see several other Victoria members received their ATCO on the same day, Oct. 9th.

This also makes it difficult for any Canadians to bid on auctions with a deadline of the 15th (some even have the 10th as deadlines).

I'm not sure what the answer is, short of revolutionizing our Postal system, but the above are the facts. Any ideas out there?  
Sincerely, John Chermay.

(Editor's Note: Canada always goes out with the first bunch of ATCOs mailed. I don't know what the answer is except if the sellers move their deadlines up. We have a lot of Canadian members and we appreciate them. Let's see what we can do short of shooting all the mules they use between here and Canada.)

## WICKENBURG POLICE DEPARTMENT

FEW LAW ENFORCEMENT AGENCIES HAVE EVER ISSUED TOKENS. LAW ENFORCEMENT AGENCIES IN ARIZONA ARE NO EXCEPTION. HOWEVER BACK IN THE 1950'S, IF YOU VIOLATED THE TOWN SPEED TRAP IN MAIN STREET WICKENBURG, ARIZONA, YOU MIGHT QUICKLY FIND OUT THE POLICE DEPARTMENT ISSUED TOKENS. THESE TOKENS WERE GOOD FOR ONE MEAL -- TO THE PRISONERS.

THE JAILED PRISONER WAS FED A MEAL BROUGHT IN BY AN OUTSIDE PROVIDER SUCH AS A CAFE OR HOTEL. WHEN THE PRISONER WAS FED HIS MEAL THE PROVIDER WAS RE-IMBURSED A MEAL TOKEN. THE PROVIDER WOULD REDEEM EACH TOKEN FOR 75¢ DOWN AT THE WICKENBURG TOWN HALL.

THE UNIFACE MEAL TOKEN READS: "TOWN OF WICKENBURG - POLICE DEPT. - 1 - MEAL - ARIZONA" THE TOKEN IS ALUMINUM AND MEASURES 29MM IN DIAMETER.

In Russell Rulau's catalog "United States Trade Tokens 1866-1889" there is a photograph of a silver Mexico two reales stamped "L.T.NOSSAMAN.-(star)-CENTRAL-(3 leaves)CITY, -(star)-(3 leaves)COL.TER.(3 leaves)" with 28 diamond shaped ornaments around the border. Central City was a gold camp west of Denver and attracted 30,000 miners during its first summer in 1859. In the territorial period before Colorado was admitted to the Union in 1876 the gold mines around Central City were described as the richest square mile on earth. This silver coin, a "two bit piece", was considered specie or hard money by the pioneers in the 1860's. After the Colorado Volunteers defeated the Confederate forces near Santa Fe in March, 1862 the lack of specie hurt the South when trying to buy food and medicine from the natives during the long retreat down the Rio Grande. No one would take the Confederate scrip.

An advertisement in the "Daily Central City Register" of July 31, 1870 notes that L.T.Nossaman(sic) opened an Intelligence Office at The Central House just below the "Big Barn" and applicants should apply there. The January 19, 1871 issue of the following year under an article "Boiler Explosion" states that Mr. L.T. Nossaman was killed while acting as an engineer at a steam sawmill. The water had been allowed to get too low before the cold water pump was turned on with disastrous results. Nearby workmen were not injured but the building and machinery were torn down with terrific force. Luckily Mr. Nossaman's insurance was paid up so that his widow and children could expect compensation.

# FORT McHENRY

BALTIMORE MD

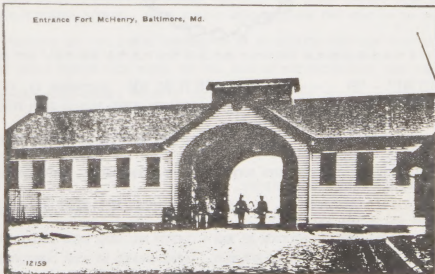

by Russ and Jane Sears

What we now know as Fort McHenry was Fort Whetstone when it was built at Whetstone Point in 1776. During the Revolutionary War, Fort Whetstone served as a deterrent to aggression by British ships cruising in the Chesapeake Bay. Known as the star fort, Fort McHenry was built in 1798-1800 behind the original fort.

Fort McHenry was named for James McHenry, an Irish immigrant who came to this country in 1771. McHenry studied medicine in Philadelphia and served in the Revolutionary War as a surgeon and later as secretary to General George Washington. After the war, McHenry attended the Constitutional Convention as representative from Maryland. During the years 1796-1800 he was Secretary of War.

In the summer of 1814, the defeat of Napoleon allowed the British to add more troops to the Maryland area offensives. The burning of Washington was followed by the landing at North Point (Baltimore County) and the naval attack on Fort McHenry. Fort McHenry, under the command of Major George Armistead, stood in the way of a British naval landing in the City of Baltimore.

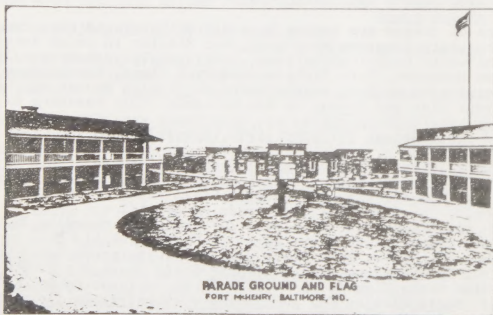

Entrance Fort McHenry, Baltimore, Md.

A few days before the assault on Fort McHenry, Francis Scott Key, an attorney, and Colonel John Skinner, a U. S. Government agent, boarded the British ship Tonnant, Admiral Cochrane's flagship, in an effort to negotiate the release of Dr. William Beanes. While on the ship, the men heard of the plans to invade Baltimore and were held for security reasons. They were transferred to H.M.S. Surprise and subsequently back to their own boat where they remain in captivity.

On September 13 and through the night, the British bombarded Fort McHenry. The dawn's early light of September 14 revealed that the flag was still flying over the fort; the defenders at Fort McHenry repelled the British. Inspired by the heroic defense, Francis Scott Key wrote The Star-Spangled Banner. The song was received well by the public and shortly thereafter was used on many patriotic occasions. In 1931, The Star-Spangled Banner became our national anthem.

Fort McHenry served as a training center during the Mexican War, a detention camp during the Civil War, and a training center during the Spanish-American War. On July 12, 1912, it was deactivated as a regular garrison post. It was leased to the City of Baltimore as a park in 1914, but returned to military use in 1917 when a hospital was built on the grounds. In 1925, Fort McHenry became Fort McHenry National Park and was changed back to its look of the 1830's. Today, it is Fort McHenry National Monument and National Shrine.

Re: 1985 TRADE DOLLARS  
-----

Dear Customer:

The 1985 Trade Dollars will be starting to appear on the market in early January 1985, and it appears that this coming year should again be a very good one for the Trade Dollar collectors.

In order to help the collectors ensure that they will receive "ALL" the 1985 Trade Dollars, we again offer the following suggestion: "AUTOMATIC" mailing of the Trade Dollars as per customer's authorization.

More than 150 satisfied customers have taken advantage of this service in 1984. We have other customers who did not take this service, and they were disappointed when they found out that some of the Trade Dollars were sold out before they could get an order to us.

Also under this plan, you will find prices, on the whole, more reasonable, and we can provide some figures to prove it.

Under the Purchase Plan, the customer can choose ONE of three methods of payment, and ONE OR MORE methods of purchase.

Contract prices for the 1985 issues will be:

\$1.00 issue at \$1.60 ea.

\$2.00 issue at Max. \$3.50 ea.

A reasonable charge will be made for postage & handling.

If you are interested in participating, please provide all the necessary information on the attached form, and return to this office as soon as possible.

Sincerely,

J.E. Quinn, President

The Smithsonian Institution will display Arizona National Currency and tokens from its vast collection at the 21st Annual Tucson Coin and Stamp Show, Jan. 4, 5, 6, 1985 in the Tucson Community Center. Dealer tables are still available at \$125.00. A three million dollar auction of rare coins will be held at the show by METRO COINS of Phoenix, expected attendance at the show will be thousands of collectors as in former shows. Of interest to ANCO members the Tucson show has always had a lot of token specialists both as dealers and collectors. Millions of dollars worth of rare coins, tokens, medals, currency, and stamps will be at the 150 dealer tables for sale. The Tucson Coin Club is a non profit club, incorporated, and a Life Club of the American Numismatic Association.

# TOKENS, MIRRORS, ETC.

I am a serious collector in the following categories and I am willing and able to pay TOP MARKET PRICES for these items. My primary interest is in building a fine collection and I've been buying alot of nice pieces ... so I must be doing something right. Please write or call me if you have something that you think might interest me. I also have a substantial trading stock ... but of course I prefer to purchase outright.

ALASKA TOKENS - cataloguing \$50 and up in Benice. Will pay \$3,500 for the first McCarthy Alaska gold nugget token offered to me (cats \$500). Paying \$3,000 for the first Willis & Welch Chatanika Alaska shellcard offered to me (cats \$750).

TERRITORIAL TOKENS - Good fors from Wyoming Terr (W.T.), Dakota Terr (D.T.), Arizona Terr (A.T.), Montana Terr (M.T.), Washington Terr (W.T.), and some Okla and Indian Terr (O.T. and I.T.) tokens. Paying \$500 and up for most D.T., M.T., and W.T. tokens (except Carter, Camp Brown, FJD, Ward, Wanless and McCormick).

TEXAS PICTORIAL TOKENS - Will pay TOP DOLLAR for brass or white metal Heidemann-struck pictorials depicting ELEPHANTS, steers, horses, lady's leg, buildings, etc. Paying \$200 and up for Texas pictorials (brass or white metal) depicting ELEPHANTS.

WESTERN STATES' GOOD-FOR MIRRORS - with pictures of the proprietor, fancy women or children on them. Paying \$125 and MUCH MORE, depending upon the state and the mirror ... Colorado on West.

NEW MEXICO TOKENS - nice old good-fors. Any and all except the most common. There are many N.M. towns worth \$100++ to me.

NEVADA TOKENS - nice old brass, aluminum or white metal good-fors. No modern gaming tokens. There are some towns worth several hundred dollars to me and quite a few worth \$50 to \$100++ to me. Many are "dug" so don't worry about condition ... I want 'em.

POST TRADER and WESTERN STATES' MILITARY - any old good-for saying "Trader" or "Post Trader". Also, old military tokens from Colorado on West.

SALOONS and INTERESTING OLD MAVERICKS - Paying top dollar for attributed or maverick saloons and ornate or pictorial mavericks depicting steers, burros, ELEPHANTS, horses, roosters, etc. I also collect the old novelty tokens that are Good for a (screw pictured) or Prize for the Largest (rooster pictured).

HOUSE CLEANING SALE - Smaller TOKEN COLLECTIONS

I no longer collect all 50 states. The large collections were sold. Since I do not trade out of my personal collections, there are "good" tokens in even these small collections. Minimum bids are noted ( )

A list of the tokens is available for a self addressed & stamped large envelope. Sale will close one month from appearance in ATCO. Please specify which state/states desired & add enough postage.

Note: Tokens may sell higher than (MB). They will not be sold lower.

1. ALABAMA - 28 tokens as one lot - nothing seperate (MB 85<sup>00</sup>)
2. MAINE - 5 tokens as one lot (MB 15<sup>00</sup>)
3. MARYLAND - 16 tokens as one lot MB (35<sup>00</sup>)
4. MASSACHUSETTS - 9 tokens as one lot (MB 27<sup>00</sup>)
5. MISSISSIPPI - 90 tokens as one lot (MB 90<sup>00</sup>)
6. MISSOURI - 81 tokens as one lot (MB 240<sup>00</sup>)
7. NEW YORK - 45 tokens as one lot (MB 135<sup>00</sup>)
8. NORTH CAROLINA - 13 tokens as one lot (MB 40<sup>00</sup>)
9. SOUTH CAROLINA - 26 tokens as one lot (MB 75<sup>00</sup>)
10. WEST VIRGINIA - 126 tokens as one lot (MB 255<sup>00</sup>)

This is an excellent chance to get started in any one of these states, and at prices way lower than is possible by bidding individually in mail bid sales. Nuff said!

My collecting is now WESTERN. I buy collections to secure tokens needed. Many scarcer, but unneeded tokens are bought this way, far too many for individual listing. The following are offered at lowest possible Min. bid - satisfaction guaranteed or refund of purchase price, if returned intact. Nothing removed,

WESTERN COLLECTIONS

MONTANA - Mini collection Part I - 100 diff. tokens (MB 250<sup>00</sup>)

MONTANA - Mini Collection Part II - 120 diff. tokens (MB 420<sup>00</sup>)

Second Part II are scarcer tokens - nothing dupe in both parts. There are 220 diff. in Parts I & II. If all are wanted (MB 600<sup>00</sup>) <sup>(Probably will go higher!)</sup>

WASHINGTON - 1449 diff. tokens - no list - satisfaction as above -

ONE COLLECTION ONLY IS AVAILABLE - (MB 3600<sup>00</sup>) GOOD ONE!
